

## Agenda Item 3.D - Public Comment

City Council Members,

I ask that you support Mateo Morelos Bedolla for Tracy Mayor Pro-Tem. Mateo brings a youthful perspective and vision for creating jobs in technology, as well as new and proven leadership. His leadership will enhance collaboration and harmony in Tracy government and our community.

Mateo's experience in serving as Congressman Jerry McNerney's field representative for several years, will also connect our city with the County, State, and Federal connections and funding that our city needs.

Mateo had definitely received the people's vote of confidence and he has always kept working to strengthen his constituents' trust and my complete respect. I am certain Council Member Bedolla will execute the Mayor Pro-Tem duties and responsibilities with dignity and decorum, and above all else fairness.

I especially think his leadership and voice must be elevated and supported as he took a stand against a very vocal majority regarding how to responsibly and properly roll out our city's cannabis program for consumers and businesses.

I would like to thank every Council Member for casting their vote in support of Mateo Bedolla for Tracy Mayor Pro-Tem, thank you.

Respectfully,  
Amir Abboushi

Mateo Bedolla should be Mayor Pro Tem for the reason that he's not afraid to go against a crowd. Very respectful and always see the point of every side. Thank you for having the time to read this!

I think that Mateo Bedolla should be Mayor Pro Tem. because he is the substitute for my chemistry class which i have not had a teacher for all year. He has been the best teacher we've had all year, i look forward to learning in that class and asking questions because of how great his character is. I think he should be mayor pro temp because of how great of a person he is.

Thanks,

Vianna Dayeh
