CC: Karin Schnaider, Assistant City Manager
Subject: Tracy Sports Complex Outfield Netting Replacement Project

The purpose of this memo is to receive an update on the Tracy Sports Complex Outfield Netting Replacement Project.

The City of Tracy entered into a contract with Judge Netting to perform the outfield netting replacement and pole repainting at the Tracy Sports Complex. The Tracy Sports Complex is equipped with four softball diamonds that are heavily utilized year-round by local youth teams/leagues, the City's Adult Softball League, and tournaments.

The project began on February 21, 2023, with the removal of the existing ballfield netting and installation of tension cables to support the new netting. Simultaneously, the construction team has begun prepping the outfield poles by sanding the poles removing loose paint and rust. There are no current impacts to the sports field users during this construction period. The estimated completion for this project is scheduled to be completed by March 31, 2023, pending any delays.
