Resident Discount ("Res-Disc.") vs. "Cost"

Your resident address must fall within one of three Tracy Zip Codes (95376, 95377, or 95304) to receive our resident discount. In addition, your address must be within Tracy city limits. If your address has five digits or more, then your home may be outside the Tracy city limits. It is possible to live in one of the three Tracy zip codes and still not live within Tracy city limits. All non-residents pay the "cost" of a program.

Program Withdrawal/Transfer/Refund

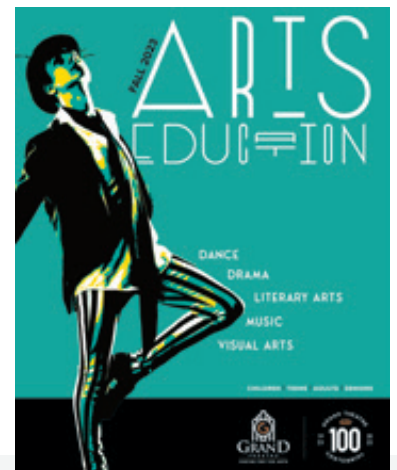

If you are not happy with the quality of any of our programs, please contact us right away. We want to resolve your concern so you can continue, or in some instances, receive a refund. You must complete a "Request for Class/Activity Withdrawal Form" and submit to the Program Coordinator. Withdrawals are subject to a \$5 transaction fee. Refunds are subject to an additional \$5 transaction fee. If you leave a credit on your account you will not be charged the additional transaction fee. No transaction fee for classes that have been canceled.

No refunds for non-attendance due to schedule conflicts or illness, no refunds for materials fees, and no refunds for classes that have completed. Allow 5 business days to process a refund.

DO NOT ATTEND A CLASS UNTIL REGISTRATION AND PAYMENT HAVE BEEN COMPLETED. INSTRUCTORS CANNOT ACCEPT PAYMENTS.

PLEASE NOTE: Schedules and fees are subject to change, please visit the program specific web page for updated information. The Parks & Recreation Department reserve the right to change, delete or modify programs, fees and policies if necessary.

The Rrooar Coding & Robotics Academy

Young Engineers is a STEM program that introduces the world of STEM to young kids in a unique way. Science becomes fun as the kids create models and see the practical application of mechanics and physics. It is a very exciting program where children get to build models and tinker with them to understand the science behind it. They have the opportunity to acquire and implement engineering concepts as they explore the world of science. With Bricks Challenge the kids explore classic mechanics.

Code Your Own Arcade Adventure

Code Ninjas Staff

Through a hands-on sensei-led approach, you'll learn how to code games using block-coding in Microsoft MakeCode and explore the fascinating realm of circuitry and engineering to construct a custom mini arcade game controller. Throughout the course, you'll develop a strong foundation in coding logic and problem-solving skills as you create captivating games using Microsoft MakeCode's intuitive block-based programming interface. Discover the secrets behind game mechanics, level design, and player interaction, and gain the ability to unleash your creativity through the power of code. Beyond game development, you'll delve into the fundamentals of circuitry and engineering to bring your arcade to life. Learn how to connect buttons, joysticks, and other components to your game controller, gaining valuable insights into the inner workings of electronic circuits. By the end of the course, you'll have not only a repertoire of self-designed games but also a tangible mini arcade that showcases your technical prowess.

JR STEM Discoveries

Code Ninjas Staff

JR STEM Discoveries is a transformative program designed to empower our youngest ninjas, aged 5-7 years, with the knowledge, skills, and enthusiasm for STEM fields. Through a dynamic and engaging curriculum, children embark on an exciting journey of exploration, discovery, and hands-on learning. Throughout this immersive course, participants become makers in STEM as they design, build, and code their own projects. Guided by experienced instructors, our young ninjas will delve into the world of engineering challenges, coding, and creative problem-solving. They will develop a strong foundation in STEM concepts, while nurturing their innate curiosity and love for learning. They will dive into the fundamentals of engineering by designing and constructing simple circuits and microcontrollers. They will also explore concepts like sequencing, logic, and problem-solving, while honing their computational thinking skill by coding with age-appropriate tools to build animated stories and games.

Brown Bag

Brown Bag is a food distribution program for seniors 60 years and older provided by Second Harvest. There are some income restrictions and participants may sign up at the Lolly Hansen Senior Center the day of distribution only. Brown Bag is held the 1st and 3rd Wednesday of each month from 8:30am to 10:30am. A \$12 donation for the year is optional.

Daily In-Home Meals

Home delivered frozen meals are available to home-bound and/or temporarily ill seniors 60 years and older. Program is Monday-Friday, 10:15am to 12:30pm. Suggested contribution of \$3 per meal is greatly appreciated. An application must be completed before services begin. For more information or to register for the program call the San Joaquin Department of Aging and Adult Services at (209) 468-1104.

Mobile Farmers Market

This farmers market on wheels distributes healthy nutritional items, particularly fresh fruits and vegetables. Nutrition education provided free of charge for Tracy residents 60 years and older. Held on the 4th Wednesday of each month from 11:15am to 12:15pm at the Lolly Hansen Senior Center.

Congregate Meal Program

Hot meals are provided on a first come, first serve basis. Reservations can be made by phone or in person the day they would like to eat meals only. Individuals residing in San Joaquin County and over the age of 60 qualify for the program. Suggested contribution of \$3 per meal is greatly appreciated. Please call the Senior Center for more information.

HICAP

Are you confused about Medicare? Do you want to make changes to your current coverage but need a little help? HICAP is now providing phone appointments. HICAP is part of Medicare's national SHIP program. This nonprofit organization is dedicated to providing free & unbiased counseling to help you understand all your options. To schedule a free appointment, please call (209) 470-7812.
