**CITY OF TRACY  
TRANSPORTATION ADVISORY COMMISSION MEETING  
AUGUST 8, 2024**

**AGENDA ITEM 5.c.**

REQUEST

**DISCUSS GOALS, OBJECTIVES, AND TOPICS FOR DISCUSSION FOR FY 2024/25**

DISCUSSION

The Transportation Advisory Commission creates goals and objectives that they would like to work on each year that coincide with the City's fiscal year of July 1 through June 30. As we are at the transition between fiscal years, it is time for the commission to discuss what items they would like to work on for the coming year in regards to their goals, objectives, and topics for discussion.

It is important for the commission to consider their goals and objectives in the context of the commission's purpose and roles and responsibilities as outlined in the TAC bylaws. As the commission considers their potential goals and objectives, consideration should be given to the following items:

- What will be the outcome for each goal?
- Does the goal tie in to the TAC purposes or roles and responsibilities?
- How are we ensuring that there is community involvement?
- Does the goal fit the S.M.A.R.T. pattern? (Specific, Measurable, Attainable, Relevant, Timely)

Additionally, when creating a new plan for the commission, it is also important to know the difference between a goal and an objective. A goal establishes where you want to go or what you want to do. An objective is a specific step that is needed in order to reach your goal. Goals are generally broader in nature while an objective will be more specific and will have a timeline attached to it.

In preparation for the discussion on new goals, objectives, and topics for discussion for FY 2024/25, staff is asking the commission to review the purpose, roles and responsibilities of the TAC (listed below) and come prepared to share ideas and discuss future goals for the commission.

FISCAL IMPACT

There is no fiscal impact to the General Fund, Transportation Fund or Airport Fund for this item at this time.

RECOMENDATION

That the Commission discuss goals, objectives, and topics for discussion for FY 2024/25.

## ATTACHMENT A

### PURPOSE, ROLES AND RESPONSIBILITIES OF THE TRANSPORTATION ADVISORY COMMISSION

#### A. PURPOSE

The purpose of the five-member Transportation Advisory Commission is to:

1. Address various public transportation issues including intra-city transit (TRACER, Paratransit, airports, Multimodal Station, taxis, limousines, Park-and-Ride lots, bikeways, trails and passes) and inter-city transit (SJRTD, commuter-vanpools and ACE);
2. Review City-wide public transportation and airport planning documents;
3. Advise on service levels and routes;
4. Recommend rules and procedures governing public transportation service programs, equipment and facilities considering regulatory guidelines, service improvements, coordination, efficiencies, protection of property, service improvements and activities of persons utilizing transportation services and facilities;
5. Recommend rates, fares, user fees, charges and deposits for the use of transportation service programs and facilities;
6. Review surveys and facilitate public input on public transportation programming and facility usage;
7. Identify transportation infrastructure needs and recommend allocation of funds for capital expenditures related to transportation improvements;
8. Review grants, budgets, facility developments and designs, and transportation programs;
9. Advise the Council on the subject of comprehensive Citywide public transportation master planning and development;
10. Review, monitor, and make long-range recommendations concerning public transportation and connectivity sections of related environmental impact reports of development projects during the public review period and other similar documents;
11. Recommend and promote marketing strategies for community outreach programs in order to strengthen the transportation image, increase usage, and integrate its role within the community; and
12. Recommend to the City Council, after public input, the adoption, amendment or repeal of ordinances, resolutions, or requirements pertaining to public transportation within the City.
13. Provide an annual report to the City Council on the Commission's efforts during the previous year.

#### B. ROLE AND RESPONSIBILITIES

The role of the Transportation Advisory Commission is to provide citizen and community perspective and input on the development of public transportation planning, facilities and programs. As a Commission established by the City Council, the Transportation Advisory Commission will provide input to Council for their consideration and action. This would ideally be done after receiving public deliberation and achieving consensus through partnering with staff. It is intended that the Transportation Advisory Commission not take an advocacy role, but an advisory role, in providing input to City Council. Additionally, the Transportation Advisory Commission is expected to advise City Council on transportation matters brought to them by the community.
