Think Inside the Triangle"

December 4, 2012

Honorable Mayor and City Council Members Citizens of the City of Tracy:

The Tracy Municipal Code requires that all funds, accounts, and financial transactions of the City be subjected to an annual audit by an independent certified public accountant that is selected by the City Council. The Municipal Code further specifies that after the close of the fiscal year, an annual financial report covering all funds and financial operations shall be prepared and submitted to the City Council. This report is published to fulfill that requirement for the fiscal year ended June 30, 2012.

Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

#### Profile of the Government

Tracy is located on the western edge of the Central Valley in San Joaquin County. The City is 60 miles east of San Francisco and 70 miles south of Sacramento. The City is situated within a triangle formed by three interstate freeways: I-5, I-205 and I-580.

Tracy was founded in 1878 as a railroad center. It was incorporated as a city in 1910. For many decades, it served both as a railroad center and farm market town. Since World War II, it has been the location of a defense supply center. By 1960, the City's employment base included a few food-processing plants and small-related manufacturing operations. A state correctional facility as well as a federal and a state water project facility are located nearby.

During the 1980s, Tracy experienced a period of major growth influenced by the East Bay area of the San Francisco Bay region with its high cost of housing. Tracy, with more affordable housing than the Bay area, continues to be an attractive residential location for many Bay area workers. Tracy is now considered an outer suburb of the Bay area, rather than a small agricultural and industrial town.

The population and size of Tracy has increased from 18,428 and 7.0 square miles in 1980 to 83,900 and 23 square miles in 2012.

The City operates under the council-manager form of government. Policymaking and legislative authority are vested in the City Council, which consists of a Mayor and a four member Council. The City Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the government, and for appointing the heads of the government's departments. The Council is elected on a non-partisan basis. Council members are elected to four-year staggered terms, with two Council members elected every two years. The mayor is elected every two years.

Moss, Levy and Hartzheim, Certified Public Accountants, have issued an unqualified ("clean") opinion on the City of Tracy's financial statements for the fiscal year ended June 30, 2012. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter and should be read in conjunction with it.

### Local Economy

California's economic recovery is trying to gain traction along with the nation, despite an unemployment rate problem, and state and local budget problems that far outstrip those faced by the nation at large. The California unemployment rate is still around 12% and it will likely stay in double digits through 2014. Although the California economy is expected to grow in the 1.5% to 2.2% range in the coming year, "real" recovery needs to be in the 3.5% to 4% range. It may be 2016 before California employment reaches pre-recession levels. This will have been a total of 9 years without any net job growth.

Because agriculture still remains an important segment of the San Joaquin Valley economies, seasonal unemployment is always much higher that the national average. On the plus side for Tracy however, is that the local economy is tied more closely to the bay areas as many Tracy residents are more likely to work in the East Bay, San Jose, and Livermore Valley areas, where the economy is not greatly influenced by seasonal agriculture production or the more recent negative economic influences (housing market collapse) in the San Joaquin Valley. Certainly the East Bay economy is being held down by those influences negatively affecting the U.S. economy as a whole. But this economy is more stable than that found in the San Joaquin Valley.

The local economy has presented significant challenges to the City of Tracy during the past several years. Because of declining real estate values, property tax to the City of Tracy has fallen 33% over five years. The past two years declines have been in the 1% to 5% range. However, the City has yet to reverse the continued negative property tax growth rate. It is hoped this trend will finally be over with the FY 13-14 assessed value. Property values for that fiscal year will be measured as of January 1, 2013 and Tracy has seen recent increases in home prices.

Sales tax is the one bright spot in the City's revenue picture. The City has experienced 12 straight quarters of strong improvement. Some of this however, has been fueled by higher gas prices (there is general sales tax applied to fuel sales in addition to "gas taxes" for transportation uses). The City was also fortunate to land a distribution center for a major retailer that also included an order desk. Californians purchasing items on the website of this retailer have to pay sales tax and the City receives the local 1 cent portion.

### Long-term Financial Planning

The Tracy Municipal Code requires that the City Council adopt a budget by no later than the close of the fiscal year. This annual budget serves as the foundation for the City of Tracy's financial planning and control. The budget is prepared by fund, by department (e.g. Police), and by program (i.e. Patrol Services, Traffic Enforcement, etc). Department heads may transfer resources within a department as they see fit with the approval of the City Manager. Transfer between departments; however, need special approval from the City Council.

As evidenced by this financial report and others before it, the City has significantly been impacted by the economic recession. FY 11-12 was the 5<sup>th</sup> consecutive year that the City had to utilize reserve funds albeit the FY 11-12 draw was very minor. At the beginning of this economic down period the City had \$38,733,794 million in reserves (combination of General Fund and the Reserve for Economic Uncertainty Fund). On June 30, 2012 the City had

\$26,934,784 in reserves. During this 5 year period the City has utilized a total of \$12.27 million or about \$2.46 million per year on average. The draw on reserves for FY 11-12 was just \$52,330 which was an improvement from the year earlier when the use of reserves was \$2.5 million With reserves as of 6/30/12 of just under \$27 million this represents approximately 54% of expected General Fund expenses in FY 12-13.

### Major Initiatives

### Completed 12 Labor Contracts:

Successfully negotiated 12 multi-year labor contracts, saving \$2.6 million in benefit costs over a 3 year period and achieving an ongoing annual savings of \$3.5 million each year after the contracts expire.

### Continued Implementation of 5-year "8 Point" Fiscal Plan:

Continued implementation of the 5-year plan to allow the City to be fiscally sound upon the sunset date of the Measure E half cent sales tax set to end on 3/31/16. The City has developed an 8 point plan to provide additional reduction to expenses with some new revenue to help mitigate the loss of Measure E revenue upon its expiration.

### Initiated a City-wide restructuring plan:

The City will compress 9 previous City departments into 6 new departments thereby reducing the number of executive management positions by a third.

#### Completed the Downtown Plaza:

Prior to the dissolution of redevelopment, the City, working within state imposed requirements and deadlines, strategically used redevelopment funds to design, construct and complete the Downtown Plaza, located at 6th and Central.

### **Downtown Special Events:**

With a beautiful new downtown gathering space (the Downtown Plaza), the City sponsored a variety of new special events in the area including the very successful summer block series.

In response to the economic challenges of the past 5 years, the City implemented a variety of efficiency and restructuring actions which will continue to provide additional costs savings in future years. In addition to expense reductions, the City also anticipated that new revenues would be necessary if additional cuts that could potentially disrupt the delivery of essential public services were to be avoided. In this regard, Tracy voters approved Measure E (a half cent sales tax with a 5 year sunset) on the November 2010 ballot. This tax began April 1, 2011. This new revenue together with already implemented expense reductions should provide a stable fiscal period for the next 5 years. During this time the City will continue to look for new opportunities to continue its commitment to provide efficient yet quality services to the community.

#### GASB 45

Much attention has been given to the unfunded liability of "Other Post Employment Benefits" (OPEB) of government employees. In response the Governmental Accounting Standards Board (GASB) issued statement #45 which is an effort for governments to identify their obligations for expenses associated with post employment other than pensions. Governments have pension obligations to their current and retired employees and these are calculated and accounted for. However, other post employment benefits such as health insurance have not been accounted for by most governments. As these expenses can represent a huge future liability of the government, identification of their costs is essential. GASB 45 requires the government to have an actuarial study done in order to identify the cost of other post employment benefits.

The City of Tracy implemented its GASB 45 requirement with the FY 06-07 financial report - two years before it would have been required. The City took this step because it believes GASB 45 to be an important component of judging the financial position of any governmental unit. Also, the City has a tradition of early implementation of significant GASB requirements. The City was one of the first in the nation (including being one of only 3 cities in California) to implement GASB 34, several years before the requirement to do so.

The City of Tracy does not provide for the payment of health insurance for its retired employees. As such it does not have a significant GASB 45 liability that many governments have. However, retired employees are allowed to purchase the City's health insurance (including spouse or family coverage) either through direct payment or from the employee's medical insurance bank. The ability of a retired employee to obtain coverage at an active employee rate, constitutes a significant economic benefit to the retiree, called an "implicit subsidy" under GASB 45. The City obtained the firm of Demsey, Filliger & Associates to perform an actuarial valuation of this "implicit subsidy". The results of this actuarial valuation can be found in note 11 to the financial statements in this report. Suffice to say, the City's liability in this regard is not significant and the ongoing annual required contribution to address this liability is just \$416,301 per year. An insignificant GASB 45 liability is a great benefit to the City's true and long term financial strength.

The City has a long reputation for excellent fiscal management. It had the wherewithal to add to its reserve levels during the boom years instead of unwisely using these non-sustainable revenues to fund new programs or services. And noting unusual trends, the City began its long term strategy before the economy deteriorated further during FY 09-10. We are pleased the citizens of Tracy affirmed their confidence in the fiscal management of the City by approving Measure E.

### GASB 54

This is the first year the City is required to produce its financial statements in conformity with GASB 54. This new GASB requirement concerns mainly the designation of fund balance into use categories. In addition, Statement 54 clarifies how rainy-day amounts can be reported by treating stabilization arrangements as a specified purpose. Consequently, amounts constrained to stabilization must be reported as restricted or committed fund balance in the General Fund if they meet the other criteria for those classifications. As a result the CAFR can no longer list the Reserve for Economic Uncertainty Fund separately. However, the City is free to maintain this fund separately in subsidiary records. The General Fund balance of \$26,934,784 is actually comprised of \$18,985,114 in the General Fund and \$7,949,670 in the Reserve for Economic Uncertainty Fund.

### Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Tracy for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2011. This was the 24<sup>nd</sup> consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for FY 11-12. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of the Comprehensive Annual Financial Report was made possible by the dedicated service of the entire Finance and Administrative Services Department staff. Each member of the Department has my appreciation for the contributions made in the preparation of this report.

We also would like to express special appreciation to Senior Accountant, Robert Harmon whose long hours, dedication, and attention to detail made possible the successful completion of the annual audit.

Respectfully submitted,

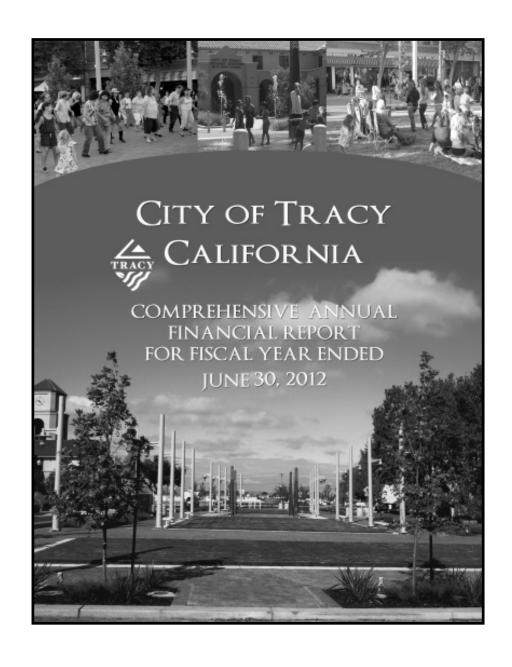

R. Leon Churchill, Jr.

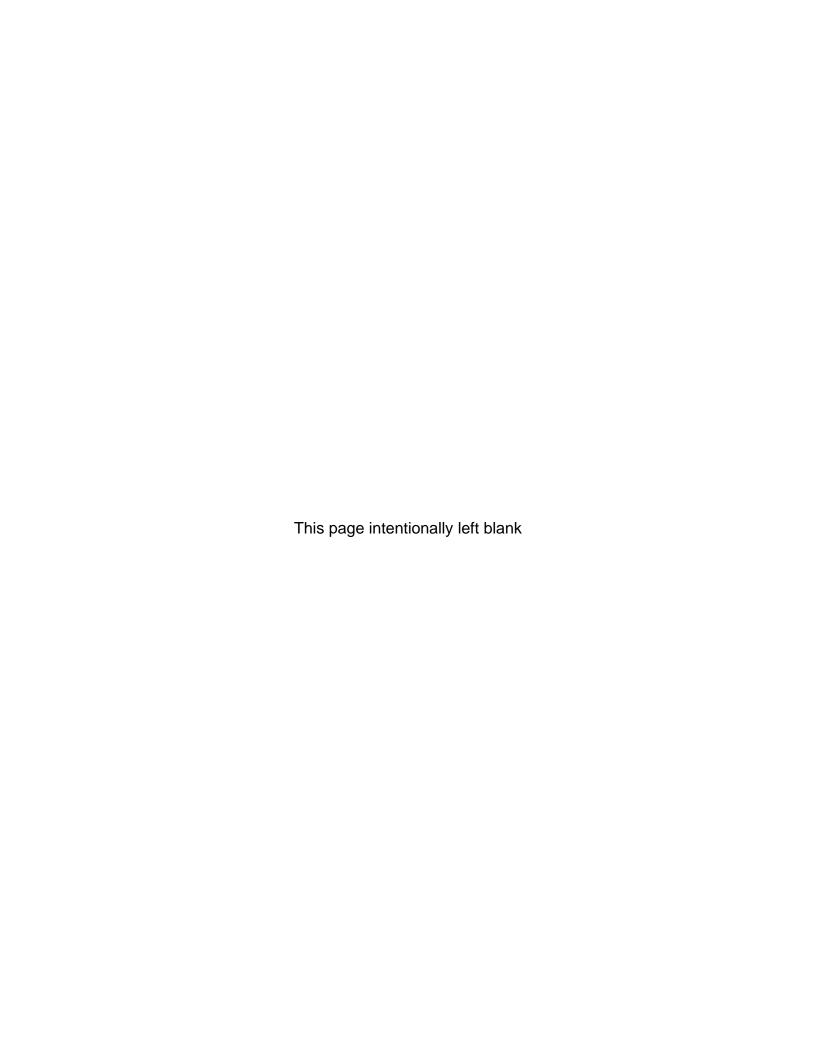

City Manager

### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council City of Tracy Tracy, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tracy, California (City), as of and for the fiscal year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform he audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 1 of the notes to the basic financial statements, effective July 1, 2011, the City adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 64 - Derivative Instruments: Application of Hedge Accounting Termination Provisions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Tracy, California, as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof, for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report December 13, 2012, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contacts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through 16, the Schedules of Revenues, Expenditures, and Changes in Fund Balance – Budget to Actual – General Fund, Community Development Agency Housing Special Revenue Fund, and Housing Successor Special Revenue Fund, the Funding Progress of the California Public Employees Retirement System, the Postemployment Retiree Benefits Funding Progress, and the Modified Approach to Reporting Street Pavement Costs on pages 98 through 105 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with accounting principles generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Tracy's basic financial statements as a whole. The Introductory Section, Schedule of Revenue, Expenditures, and Changes in Funds Balance – Budget and Actual – Community Development Agency Debt Service Fund, Combining Financial Statements for the Nonmajor Governmental Funds, Nonmajor Fund Budgetary Comparison Schedules, Internal Service Funds, and Trust and Agency Funds, and the Statistical Section listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements. The Schedule of Revenue, Expenditures, and Changes in Funds Balance - Budget and Actual - Community Development Agency Debt Service Fund, Combining Financial Statements for the Nonmajor Governmental Funds, Nonmajor Fund Budgetary Comparison Schedules, Internal Service Funds, and Trust and Agency Funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The information included in the "Introductory Section", and the "Statistical Section", has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

### June 30, 2012

The discussion and analysis provided here by the management of the City of Tracy provides a narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2012. Readers are encouraged to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

#### FINANCIAL HIGHLIGHTS

Financial highlights of the year include the following:

- The assets of the City of Tracy exceeded its liabilities by \$1,018,562 (net assets).
   Of this amount, \$62.0 million (unrestricted net assets) may be used to meet the city's ongoing obligations to citizens and creditors.
- The City's total net assets decreased by \$9.6 million or .93% in fiscal year 2011-12 compared to the previous fiscal year.
- The governmental activities reported combined net assets of \$648.6 million at the end of the fiscal year 2012. This is an increase of 1.07% from last fiscal year.
- At the end of the fiscal year, unassigned fund balance for the general fund is \$25.6 million compared to last year's \$23.4 million. This is an increase of .9% over the prior fiscal year.
- Total revenues of all governmental funds increased by 6.7% while that of proprietary funds increased 5.3% in FY 2011-12. The governmental funds' revenue increase came from an increase in sales taxes partially offset by a decrease in both property taxes and capital grants and contributions. The increase in proprietary funds total revenues came from an increase in operating revenues.
- On January 31, 2012, the state dissolved all redevelopment agencies in the state. An Oversight Board was created to handle the wind-down activities of the City of Tracy Community Development Agency (CDA) through a Successor Agency (SA). The CDA assets and debts have been transferred to an Agency Fund pending disposition by the Oversight Board. As a result of this transfer, the city's governmental funds experienced a \$31 million extraordinary gain.

### OVERVIEW OF THE COMPREHENSIVE ANNUAL FINANCIAL REPORT

The City of Tracy's basic financial statements are introduced to the readers through this discussion and analysis. The City of Tracy's basic Comprehensive Annual Financial Report is in six parts:

- 1) Introductory Section, which includes the Transmittal Letter and general information
- 2) Management Discussion and Analysis (this part)
- 3) Basic Financial Statements which include the Government–wide and the Fund Financial Statements, along with the Notes to Basic Financial Statements
- 4) Required Supplemental Information
- 5) Other Supplemental Information
- 6) Statistical Information

### **Government-wide Financial Statements**

The Government-wide financial statements are designed to give readers a broad overview of the City of Tracy's finances.

The Statement of Net Assets shows information on all of the City's assets and liabilities. The difference between the assets and the liabilities is reported as net assets. An increase in net assets is an indicator that the financial position of the City is improving, while a decrease in net assets indicates that the City is financially distressed.

The Statement of Activities presents information showing how the City's net assets changed during the fiscal year just ended. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

All the amounts in the Statement of Net Assets and the Statement of Activities are presented as follows:

- Governmental Activities---All of the City's basic services are considered to be governmental activities including general government, public safety, public works, community development, and culture and recreation.
- Business-type Activities---All the City's enterprise activities are reported here, including water, sewer, solid waste, storm drainage, municipal airport and municipal transit. Unlike governmental services, these services are supported by charges paid by users based on the amount of the service they use.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Like other state or local government, the City of Tracy uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Fund Financial Statements report the City's operations in more detail than the Government-wide statements and focus primarily on the short-term activities of the City's General Fund and other Major Funds. The Fund Financial Statements measure only current revenues and expenditures and fund balances; they exclude capital assets, long-term debt and other long-term amounts.

Major Funds account for the major financial activities of the City and are presented individually, while the activities of Non-major funds are presented in summary, with subordinate schedules presenting the detail for each of these other funds.

The Fiduciary Statements provide financial information about the activities of the Special Assessment Districts, for which the City acts solely as agent, and the Successor Agency to the former Community Development Agency.

The Fund Financial Statements provide detailed information about each of the City's most significant funds, called Major Funds. The concept of Major funds, and the determination of Major funds, were established by GASB Statement 34 and replace the concept of combining similar funds and presenting them in total. Instead, each Major Fund is presented individually, with all Non-major Funds summarized and presented only in a single column. Subordinate schedules present the detail of these Non-major funds. Major Funds present the major activities of the City for the year, and may change from year to year as a result of changes in the pattern of City's activities.

Fund Financial Statements include governmental, enterprise, and fiduciary funds as discussed below.

Governmental Fund Financial Statements are prepared on the modified accrual basis, which means they measure only current financial resources and uses. Capital assets and other long-lived assets, along with long-term liabilities, are not presented in the Governmental Fund Financial Statements.

Enterprise and Internal Service Fund financial statements are prepared on the full accrual basis, as in the past, and include all their assets and liabilities, current and long-term.

Since the City's Internal Service Funds provide goods and services only to the City's governmental and business-type activities, their activities are reported only in total at the Fund level. Internal Service Funds may not be Major Funds because their revenues are derived from other City Funds. These revenues are eliminated in the Government-wide financial statements and any related profits or losses are returned to the Activities which created them, along with any residual net assets of the Internal Service Funds.

### **Fund Financial Statements (Continued)**

Comparisons of Budget and Actual financial information are presented only for the General Fund and other Major Funds that are Special Revenue Funds.

Fiduciary funds are used to account for resources held for the benefit of parties outside the City government.

The City is the agent for certain assessment districts, holding amounts collected from property owners which await transfer to these Districts' bond trustees. The City's fiduciary activities are reported in the separate Statements of Fiduciary Net Assets and the Agency Funds Statement of Changes in Assets and Liabilities. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its own operations.

The City is also the agent for the Successor Agency to the former Community Development Agency, holding assets of this agency pending final disposition by the Oversight Board. The City's fiduciary activities are reported under Private Purpose Trust Funds in the Combining Statement of Net Assets and the Combining Statement of Changes in Net Assets. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its own operations.

### **Notes to the Financial Statements**

The notes are provided to give the reader more detailed information that is necessary in getting a full understanding of the data shown in the Government-wide and fund financial statements.

### **Required Supplementary Information**

This report also includes supplementary information related to the City of Tracy's progress in maintaining its infrastructure assets and is shown on pages 98 and 99. The City of Tracy has elected to use the modified approach to report street pavement costs. The City uses the Metropolitan Transportation Commission's (MTC) Pavement System to track the condition levels of each of the street sections. With a rating of 77 (good or better condition 70-100) as of the end of the fiscal year, the condition of the pavement was 12 points higher than the City's administrative policy to achieve a minimum rating of 65 (fair condition 50-69). This year's rating decreased slightly from the previous year's rating of 82.

### Government-wide Financial Analysis

### **Net Assets**

Net assets are a useful indicator of a government's financial position. The City of Tracy's assets exceeded liabilities by more than \$1,018.6 million at the close of fiscal year 2011-2012. Of this amount, \$851 million or 83.5% of the City's net assets are invested in capital assets. These capital assets comprise of land, buildings, infrastructures, intangible assets, streets and roads, machinery and equipment and are being used to provide services to its citizens. However, these assets are not available for future spending. \$106 million of the City's net assets represent resources that are subject to external restrictions on how they may be used. The unrestricted assets of the City in the amount of \$62 million or 6% maybe used to meet its ongoing obligations to citizens and creditors.

### Government-wide Financial Analysis (Continued)

### **Net Assets (Continued)**

In governmental activities, the total net assets increased by \$6.9 million while the net assets for proprietary funds decreased by \$16.4 million. The slight increase of 1% in governmental activities was due primarily to the Downtown 6<sup>th</sup> Street Plaza project. The decrease in net assets for proprietary funds was due to ongoing operating losses in most funds.

In this fiscal year, in total, all the proprietary funds suffered an operating income loss of \$5.1 million or a decrease of 67% compared to the operating losses incurred last fiscal year. The sewer fund's losses for the year of \$3.4 million are the highest compared to the other proprietary funds. When compared to the expenses of the previous fiscal year, the proprietary funds' total expenses for maintenance and operation and depreciation expenses increased by less than 1% in the amount of \$.5 million while an increase of 3.9% in total operating revenues helped to minimize operating losses. Despite the belt tightening and various cost-cutting measures that the city has already implemented, these proprietary funds still continue to be in the red. The lone exception is the solid waste fund which had a slight operating surplus of \$.27M. These losses can only be alleviated by increasing user rates. The city is now in the process of having a study done to find out how much these rate increases should be. The last time water rates were increase was in 2008 while sewer rates were increased in 2006. Solid waste rates were increased in January of this fiscal year.

The combined operating losses incurred by the city's utility funds (water, sewer and drainage funds) in the amount of \$12.3 million during the current fiscal year are 10% lower compared to that of the previous fiscal year. These continued losses can be attributed to a continuous writing-off of bad debts due to the current state of our economy and increases in the cost of doing business that is not matched by increases in revenues. Losses in the utility funds include depreciation of \$18.7 million which accounts for \$32.5% of operating expenses.

The Sewer Fund incurred another operating loss during the fiscal year in the amount of \$3.9 million. Operating revenue decreased by 4.6% compared to that of last fiscal year, however operating expenses also decreased but at a lower rate of 2.8% which resulted in an operating loss that is similar to losses incurred during last year's operations. The reason for the losses is the same as that of the water fund.

The Drainage Fund also incurred losses during the year in the amount of \$2.8 million. The total operating expenses decreased by 1.5% while operating revenues increased by 1.9%.

### Government-wide Financial Analysis (Continued)

### **Net Assets (Continued)**

The Solid Waste Fund had a slight operating surplus of \$.27 million for the fiscal year compared to an operating loss of \$1.1 million in the prior fiscal year. Operating revenues increased by 15.5% while operating expenses only increased by 6.3% during the year. The increase in operating revenue is due to a mid-year rate increase.

Although the Airport fund continues to report an operating loss, this year's losses of \$.27 million are slightly less than last year's loss of \$.28 million. The airport fund's major source of revenues is from hangar rentals, sale of fuel and federal and state grants. This year, both operating revenues and operating expenses are stagnant. The city has contracted out fuel sales to a private contractor but continues to manage and operate the airport.

Just like the airport fund, the Transit Fund also incurred operating losses in the amount of \$1.6 million during the year. This year's operating losses are 16% higher than that of the previous fiscal year. Operating revenue decreased by 8.5% compared to that of last fiscal year while operating expenses increased at a rate of 6.3%. The reason for the losses is the same as that of the utility funds. The ever-increasing cost of fuel further adds to the operating losses.

### **Changes in Net Assets**

The City's net assets showed a overall decrease of .93% compared to that of last year. The city's governmental activities recorded an increase of 1% while city's business activities recorded a reduction of 4.3% in net assets. Table 2 shows the elements these changes in detail.

### **Governmental Activities**

Governmental activities increased the city's net assets by \$6.9 million or 1.0%. This was due to primarily to the Downtown 6<sup>th</sup> Street Plaza completed during the fiscal year. Revenues remained relatively stable with a very slight drop of .3%, however, some elements of general revenues showed large changes with property tax revenue decreasing by 17.8% while other tax revenues increased by over 42%. The main reasons for these changes are a decrease in property taxes due to the dissolution of the CDA and the increase in sales tax revenue from Measure E.

Measure E is a ½% additional sales tax that was approved by the voters and became effective on April 1, 2011. This additional sales tax is effective only for five years. Since this ½% additional sales tax is temporary, the city continues to cut costs through furloughs, elimination of various positions by attrition, purging of duplicate delivery of services and by combining departments thereby eliminating department head positions.

### **Business-type Activities**

The City of Tracy maintains six different types of proprietary funds. These funds are used to report the same functions presented as business-type activities in the Government-wide financial statements. Water, sewer, solid waste, drainage, airport and transit services provided by the City of Tracy are all accounted for the in the enterprise funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its central garage, central services, equipment acquisition, building maintenance and insurance expenditures.

Proprietary funds provide the same type of information as the Government-wide financial statements, only in more detail. The financial statements show separate information for each service provided and all are considered to be Major funds of the City of Tracy. Increases in expenses and reductions in total revenues contributed to the slight reduction of the net assets of business-type activities.

The increase in expenses was mainly due to higher costs of conducting business while the reduction of revenues were caused by the current state of economy and the absence of subsidies from both the state and the county levels. The current results of operations of these funds can be greatly improved when user rates are increase in the coming fiscal years.

### **Financial Analysis of the Government's Funds**

The City of Tracy's governmental funds' purpose is to provide information on short-term inflows, outflows and balances of spendable resources. In assessing the City's financing requirements, this information is useful. The unrestricted fund balance is a useful measure of the City's resources that are available for spending at the end of the fiscal year.

At June 30, 2012, the City's governmental funds presented a combined fund balance of almost \$136.3 million, a decrease of \$15.5 million or 10.2% when compared to that of the prior year. This fiscal year, only the Business Improvement District, TEA Grant, South County Fire Authority and Parks COP funds posted a negative fund balance. This negative balance was the result of having capital outlay expenditures exceeding the revenues for these funds. It is anticipated that these expenditures will be offset by future revenues from State grants and various developers.

The City of Tracy's general fund has a fund balance of \$26.9 million. Of this amount, \$25.6 million is unrestricted. The total unrestricted fund balance represents over 52% of the total general fund expenditures.

The City of Tracy's debt service funds have a combined fund balance of \$2 million. 100% of this amount is reserved for the payment of debt service. The fund balance of the debt service funds increased by \$.03 million or an increase of 1.5% compared to that of last fiscal year.

The fund balance of capital project funds decreased by \$11.2 million or 10.6%.

### **Financial Analysis of the Proprietary Funds**

The proprietary funds of the City of Tracy provide the same type of information found in the Government-wide financial statements as the governmental funds but is shown with more detail.

The total unrestricted net assets of the proprietary funds is \$29.1 million for the year ended June 30, 2012, down by 28% compared to last year's unrestricted net assets of \$40.6 million. This reduction is due mainly to the operating losses incurred by most of the proprietary funds during the year and disposition of some capital assets.

Although water fund's total operating revenues decreased by 1.4%, its operating expenses also decreased by 1.3% which resulted in an operating loss of \$5.9 million. This year's losses are only slightly lower 1% compared to the losses of the previous year.

### Financial Analysis of the Proprietary Funds (Continued)

The sewer fund also posted an operating loss in the amount of \$3.9 million. Just like the water fund, total operating revenues decreased but a corresponding decrease in expenses was not sufficient to offset the decrease in revenues. Total operating expenses decreased by 2.8% or \$.43 million. The decrease in operating expenses was contributed by slightly lower depreciation charges.

The airport fund posted a 1% increase in total operating revenues and an increase of 2.4% in operating expenses.

The solid waste fund's operating expenses increased by 6.3% while its total operating revenues increased by 15.5% which resulted in an operating surplus of \$.27 million. This surplus was due to higher charges for services from a rate increase during the fiscal year.

The operations of the transit fund posted an operating loss of \$1.65 million which is 13.7% higher compared to last year's losses of \$1.39 million. This can be attributed to a reduction in transit subsidies from the federal, state and county levels.

The drainage fund's net assets decreased by 3%. This is the result of a 43% increase in operating expenses. Depreciation expenses contributed to this increase in operating expenses. Just like the water, sewer and solid waste funds, this fund is also burdened by rising costs of conducting business that is not compensated by an increase in user rates.

### **General Fund Budgetary Highlights**

- The actual revenues of the general fund were more than the estimated amount by \$2.2 million.
- The actual expenditures reported a favorable variance. The actual expenditures were lower than the estimated by \$1.7 million.
- The net excess of revenues over expenditures for the fiscal year ended June 30, 2012 is \$1.4 million.

Actual revenues exceeded the estimated revenues in taxes, use of money and property, charges for services and special assessments. The favorable variance in expenditures can be attributed to various cost savings measures that the city undertook during the year. The city continued to follow prior years cost saving measures by not filling vacancies in anticipation of declining revenues due to retirement or resignations nor added more positions. The city's efforts in cutting costs and expenditures resulted in revenues exceeding expenditures by \$1.375 million compared to the prior fiscal year when expenditures exceeded revenues by an equal amount.

### **Capital Asset and Debt Administration**

**Capital Assets.** The City of Tracy's investment in capital assets for its governmental and business-type activities as of June 30, 2012, amounts to \$902 million (net of accumulated depreciation). These capital assets include the asset descriptions shown on the table below. The total decrease in the city's investments in capital assets for the year is 3.7% or \$35 million. There is a 4.6% decrease in capital assets for governmental activities while business-type activities experienced a decrease of 2.5%. More detailed information of the City's capital assets can be found in Note 5.

A reclassification of buildings and improvements capital assets to infrastructures resulted to the increase and reduction of these two types of capital assets in the prior fiscal year.

| Total Capital Assets                 |    | 513,598                 | \$ | 538,588  | \$ | 388,335    | \$         | 398,441   | \$ | 901,933   | \$ | 937,029   |

**Long-term Debt.** At the end of fiscal year 2012, the City's total debt showed a reduction of 41.4% or \$53.9 million; however this decline is deceiving as \$48.7 million of the decline directly results from the dissolution of the CDA and the subsequent transfer of assets and debt into an agency fund. The decline not related to the CDA was 6.4% or \$5.2 million. This decline was due to the principal payment of almost all the long term debt during the year.

A detailed discussion of the entire City's long-term debt can be found under Notes 7 and 8. Standard and Poor's and Moody's credit ratings of AAA and Aaa, respectively, were received by the City's most recent insured debt issuance.

### **Economic Outlook and Major Initiatives**

As the current economic crisis continues, fiscal year 2011-12 clearly shows its effects. As unemployment lowers the purchasing power of the city's population, property values continue to decline together with the revenues related to it such as property transfer taxes and property taxes. Though the City prepared for the decline in revenues as the result of the passage of Measure A, an ordinance that limited the City's growth, there was no preparation made for the decline in property values due to the current housing market. The city dipped again into its reserves just to maintain a \$25.7 million unassigned fund balance in the general fund. This and other topics related to the City's economic outlook are discussed in detail in the accompanying transmittal letter.

### **Contacting the City's Financial Management**

This Comprehensive Annual Financial Report is intended to provide citizens, taxpayers, investors, and creditors with a general overview of the City's finances. Questions about this report should be directed to the Finance Department at 333 Civic Center Plaza, Tracy, California 95376.

#### CITY OF TRACY STATEMENT OF NET ASSETS June 30, 2012

Net (Expenses) Revenues and Changes in Net Assets

THIS PAGE INTENTIONALLY LEFT BLANK

#### **FUND FINANCIAL STATEMENTS**

GASB Statement No. 34 revised the format of the Fund Financial Statements so that only individual major funds are presented, while nonmajor funds are combined in a single column. Major funds are defined generally as having significant activities or balances in the current fiscal year. No distinction is made between fund types and the practice of combining like funds and presenting their totals in separate columns (Combined financial Statements) has been discontinued, along with the use of the General Fixed Assets and General Long-term Debt Account Groups.

The funds described below were determined to be Major Funds by the City for the fiscal year 2012. Individual nonmajor funds may be found in the Other Supplemental Information Section.

#### **GENERAL FUND**

The General Fund is used for all the general revenues of the City not specifically levied or collected for other City Funds, and the related expenditures.

#### COMMUNITY DEVELOPMENT AGENCY HOUSING

This fund was established to account for the portion of property tax increment revenues received by the Community Development Agency, and set aside for low and moderate income housing.

#### HOUSING SUCCESSOR

This fund was established to account for housing activities assumed by the City from the former Tracy community redevelopment agency.

#### **NORTH EAST INDUSTRIAL PLAN AREA #1**

The North East Industrial Plan Area # 1 was established to account for projects to support development in a specific area of the City financed by assessments and/or development impact fees.

#### COMMUNITY DEVELOPMENT AGENCY DEBT SERVICE

This fund accounts for accumulated City and County tax increment funds received for redevelopment purposes to repay outstanding debt.

# CITY OF TRACY RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET ASSETS June 30, 2012

| Fund balances of governmental funds  |  | \$ 136,354,828 |
|--|--|----------------|
| Amounts reported for governmental activities in the Statement of Net Assets are different from those reported in the Governmental Funds because of the following:  |  |                |
| Capital assets used in Governmental Activities are not current resources and, therefore, are not reported in the Governmental Funds Balance Sheet.(These do not include Internal Service Assets)  Capital assets  Less: accumulated depreciation   | \$ 584,811,611<br>(76,868,169)             | 507,943,442    |
| Deferred charges represent costs associated with the issuance of long-term debt which are deferred and amortized over the period during which the debt is outstanding. The costs are reported as expenditures of current financial resources in governmental funds.  Deferred charges    | 1,409,319                                  |                |
| Less: accumulated amortization   | (188,786)                                  | 1,220,533      |
| Interest payable on long-term debt does not require current financial resources, therefore, interest payable is not reported as a liability in the Governmental Funds Balance Sheet. (Does not include Internal Service Fund)  |  | (345,980)      |
| The liabilities below are not due and payable in the current period and, therefore, are not reported in the Governmental Funds Balance Sheet.  Compensated absences (Does not include Internal Service Fund)  Bonds payable  Postretirement benefit accrual                              | (2,788,602)<br>(23,465,000)<br>(1,141,564) | (27,395,166)   |
| Internal service funds are used by management to charge the costs of certain activities, such as insurance and vehicle maintenance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets | s.   | 16,548,444     |
| In governmental funds, other long-term assets are not available to pay for current-period expenditures, and therefore, are offset by deferred revenue.   |  | 15,323,649     |
| In governmental funds, other long-term assets are not available to pay for current-period expenditures:  Conditional grant balance allowance   |  | (1,003,593)    |
| Net assets of governmental activities  |  | \$ 648,646,157 |

#### RECONCILIATION OF THE

# STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances, which measure only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Assets of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

| NET CHANGE IN FUND BALANCES   |  | \$ (15,449,392) |
|---|--|-----------------|
| Amounts reported for governmental activities in the Statement of Activities are different because of the following:   |  |                 |
| Repayment of long-term receivables is treated as revenue in governmental funds, but the repayment reduces long-term receivables in the Statement of Net Assets.  Issuance of long-term receivables is treated as expenditures in the governmental funds, but the issuance increases long-term receivables in the Statement of Net Assets.  Repayment of loans   | _\$ (21,522)                               | (21,522)        |
| Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated lives and reported as depreciation expense.   | 47.450.000                                 |                 |
| Capital outlay expenditures are added back to fund balances Depreciation expense not reported in governmental funds   | 17,158,236<br>(8,155,722)                  | 9,002,514       |
| Gain or loss on disposition of capital assets is not reported in the governmental funds. This is the loss on disposition of capital assets that occurred during the current period  |  | (29,485,844)    |
| Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Costs associated with the issuance of long-term debt are reported as expenditures in the governmental funds, but in the Statement of Net Assets, the costs are deferred and amortized throughout the period during which the related debt is outstanding. Repayment of bond principal is an expenditure in the governmental funds, but in the Statement of Net Assets the repayment reduces long-term liabilities. Repayment of debt principal is added back to fund balance Amortization of deferred charges | 195,000<br>(133,497)                       | 61,503          |
| The amounts below included in the Statement of Activities do not provide (require) the use of current financial resources and, therefore, are not reported as revenues or expenditures in governmental funds (net change):  Postretirement benefit accrual Interest payable  Accrued interest receivable  Compensated absences  | (287,006)<br>830,843<br>150,949<br>126,662 | 821,448         |
| Difference in the gain/loss on transfer of assets and liabilities to RDA successor trust funds between the government activities and the fund financial statements.   |  | 42,079,332      |
| Internal service funds are used by management to charge the costs of certain activities, such as insurance and vehicle maintenance, to individual funds. The net revenue (expense) of the internal service funds is reported with the governmental activities.  |  | (129,193)       |
| CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES   |  | \$ 6,878,846    |

#### **MAJOR PROPRIETARY FUNDS**

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

The concept of *major funds* established by GASB Statement No. 34 extends to Proprietary Funds. The City has identified the funds below as major proprietary funds in the fiscal year 2012.

#### **WATER UTILITY FUND**

This fund accounts for the provision of water services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including administrative, operations, capital improvements, maintenance, financing, and related debt service, and billing and collection.

#### **SEWER UTILITY FUND**

This fund accounts for the activities associated with operating and maintaining the City's sewer and surface drainage system. All activities necessary to provide such services are accounted for in this fund including administration, operations, capital improvements, maintenance, financing, and related debt service, and billing and collection.

#### **MUNICIPAL AIRPORT FUND**

This fund accounts for the activities associated with the operations and maintenance of the City's airport.

#### **SOLID WASTE FUND**

This fund accounts for the provision of refuse collection services to residents of the City, accomplished through a franchised operator. This fund is also used to account for the activities of the City's recycling program.

#### **MUNICIPAL TRANSIT FUND**

This fund accounts for the activities associated with the operations and maintenance of the City's public transit activities, and has particular emphasis on serving the elderly and handicapped.

#### **DRAINAGE FUND**

Activities of the City's storm drainage operations are accounted for in this fund.

#### FIDUCIARY FUNDS

#### **AGENCY FUNDS**

Agency funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. The financial activities of these funds are excluded from the Government-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

#### TRUST FUNDS

Trust funds are used to account for resources held and administered by the City as a fiduciary capacity for individuals, private organizations, or other governments. The financial activities of these funds are excluded from the Government-wide financial statements, but are presented in separate Fiduciary Fund financial statements.

NOTE TO BASIC FINANCIAL STATEMENTS

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. <u>Description of the Reporting Entity</u>

The City of Tracy was incorporated as a general law city on July 10, 1910. The City operates under the Council-Manager form of government and provides the following services: public safety (policy and fire), highways and streets, sanitation, culture-recreation, public improvements, planning and zoning, general administration services, and redevelopment. These basic financial statements present the City of Tracy (the primary government) and its component units. The component units discussed in Section B (below) are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

The accompanying financial statements present the activities of the City of Tracy (the primary government) and its component unit, and entity for which the City is financially accountable. The City of Tracy Community Development Agency (Agency) is a taxincrement redevelopment agency, the Board of which is composed of City Council members. The Agency's purpose is to prepare and implement plans for improvement, rehabilitation, and development of certain areas within the City. Although legally separate, this Agency is so intertwined with the City that it is, in substance, one and the same. Accordingly, it is blended with the City in these financial statements. Separate Agency financial statements may be obtained from the City of Tracy at 333 Civic Center Plaza, Tracy, California 95376.

#### B. <u>Individual Component Unit Disclosures</u>

Blended Component Units. The City of Tracy Community Development Agency (Agency) serves all the citizens of the City. The Agency is governed by a board comprised of members of the City's elected council. The Agency is reported as a special revenue fund, a capital projects fund, and a debt service fund. The activities of the Agency were transferred to the Redevelopment Agency's Successor Agency on February 1, 2012. See Note 19 for more information.

Discretely Presented Component Units. There are no entities which meet the Governmental Accounting Standards Board (GASB) Statement No. 14, as amended by GASB Statement No. 39, criteria for discrete disclosure within these basic financial statements.

#### C. Basis of Presentation

The City's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. <u>Basis of Presentation (Continued)</u>

The accompanying financial statements are presented on the basis set forth in Governmental Accounting Standards Board Statements No. 34, Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments.

#### **New Accounting Pronouncements**

Governmental Accounting Standards Board Statement No. 64 - Derivative Instruments: Application of Hedge Accounting Termination Provisions

For the fiscal year ended June 30, 2012, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 64, ("Derivative Instruments: Application of Hedge Accounting Termination Provisions.") This statement is effective for periods beginning after June 15, 2011. The objective of this statement is to clarify whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. This statement sets forth criteria that establish when the effective hedging relationship continues and hedge accounting should continue to be applied. Implementation of the GASB Statement No. 64, did not have an impact on the City's financial statements for the fiscal year ended June 30, 2012.

#### Government-wide Statements

The Statement of Net Assets and the Statement of Activities display information about the primary government (the City) and its component units. These statements include the financial activities of the overall City government, except for fiduciary activities. Eliminations, except for interfund services provided and used, have been made to minimize double counting or internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the City's governmental and business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular programs, and (c) fees, grants, and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. <u>Basis of Presentation (Continued)</u>

#### **Fund Financial Statements**

The fund financial statements provide information about the City's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major individual funds, each of which is displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

Proprietary fund financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses, and Changes in Net Assets, and a Statement of Cash Flows for all proprietary funds.

Internal service funds are also presented in these statements. However, internal service balances and activities have been combined with the governmental activities in the government-wide financial statements. These Internal service funds account for charges to other funds and departments for insurance, maintenance, and equipment acquisition.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operation of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other government units, and/or other funds. The City collects assessments and pays property enhancement and rehabilitation costs and debt service for various assessment districts within the City.

#### D. Major Funds

GASB Statement No. 34 defines major funds and requires that the City's major governmental and proprietary funds are identified and presented separately in the fund financial statements. All other funds, called nonmajor funds, are combined and reported in a single column, regardless of their fund-type.

Major funds are defined as funds that have either assets, liabilities, revenues, or expenditures/expenses equal to or greater than ten percent of their fund-type total and five percent of all fund-type totals. The General Fund is always a major fund. The City may also select other funds it believes should be presented as major funds.

The City reported the following major governmental funds in the accompanying financial statements:

**General Fund** - This fund accounts for all financial resources, except those to be accounted for in another fund. It is the general operating fund of the City.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. Major Funds (Continued)

**Community Development Agency Housing Special Revenue Fund** – This fund was established by the California Health and Safety Code and is to account for the portion of property tax increment required to be set aside for low and moderate housing.

**Housing Successor Fund** - This fund was established to account for housing activities assumed by the City from the former Tracy community redevelopment agency.

**Community Development Agency Debt Service Fund** – This fund accounts for accumulated City and County tax increment funds received for redevelopment purposes to repay outstanding debt.

**North East Industrial Plan Area # 1 Capital Projects Fund** – This fund was established to account for projects to support development in a specific area of the City financed by assessments and/or development impact fees.

The City reported all its enterprise funds as major funds in the accompanying financial statements:

*Water Utility* – This fund accounts for the activities of the City's water supply system.

**Sewer Utility** – This fund accounts for the activities of the City's surface drainage, sewage collection, and treatment system.

**Municipal Airport** – This fund accounts for the activities associated with the operations and maintenance of the City's airport.

**Solid Waste** –This fund accounts for the City's refuse collection activities.

**Municipal Transit** – This fund accounts for the activities associated with the operations and maintenance of the City's public transit activities and has particular emphasis on serving the elderly and the handicapped.

**Drainage** – This fund accounts for the City's storm drainage activities.

#### E. Basis of Accounting

The government-wide, and proprietary funds financial statements are reported using the economic resources measurement focus and along with fiduciary funds using the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

#### NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Basis of Accounting (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

Governmental funds are reported using the *current* financial resources measurement focus and the *modified* accrual basis of accounting. Under this method, revenues are recognized when *measurable and available*. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after fiscal year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent that they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as *other financing sources*.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the Statement of Net Assets. The Statement of Revenues, Expenses, and Changes in Net Assets present increases (revenues) and decreases (expenses) in total net assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which liabilities are incurred.

Internal service funds are used to account for charges to various funds and/or departments for costs such as insurance, maintenance, and equipment acquisition.

Fiduciary Funds – Agency funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency funds are purely custodial in nature (assets equal liabilities) and, thus, do not involve measurement of results of operations. Trust funds use the flow of economic resources measurement focus and the accrual basis of accounting, except for the recognition of certain liabilities of defined benefit pension plans.

Non-exchange transactions, in which the City gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenues from property taxes are recognized in the fiscal year for which the taxes are levied. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### E. Basis of Accounting (Continued)

Other revenues susceptible to accrual include other taxes, intergovernmental revenues, interest, and charges for services.

Utility service accounts receivable are reported net of allowance for doubtful collections and include unbilled receivables using actual amounts billed in July for June services.

Grant revenues are recognized in the fiscal year in which all eligibility requirements are met. Under the terms of grant agreements, the City may fund certain programs with a combination of cost-reimbursement grants, categorical block grants, and general revenues. Thus, both restricted and unrestricted net assets may be available to finance program expenditures/expenses. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

As a general rule, the effect of interfund activity, except for interfund services provided and used, has been eliminated from the government-wide financial statements.

#### F. Property Taxes

Property taxes in the State of California are administered for all local agencies at the county level, and consist of secured, unsecured, and utility tax rolls. The following is a summary of major policies and practices relating to property taxes:

<u>Property Valuations</u> – are established by the Assessor of the County of San Joaquin for the secured and unsecured property tax rolls; the utility property tax rolls are valued by the State Board of Equalization. Under the provisions of Article XIIIA of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978) properties are assessed at 100% of full value. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

<u>Tax Levies</u> – are limited to 1% of full value which results in a tax rate of \$1.00 per \$100 assessed valuation, under the provisions of Proposition 13. Tax rates for voter-approved indebtedness are excluded from this limitation.

<u>Tax Levy Dates</u> – are attached annually on January 1 preceding the fiscal year for which the taxes are levied. The fiscal year begins July 1 and ends June 30 of the following year. Taxes are levied on both real and unsecured personal property as it exists at that time. Liens against real estate, as well as the tax on personal property, are not relieved by subsequent renewal or change in ownership.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### F. Property Taxes (Continued)

<u>Tax Collections</u> – are the responsibility of the county tax collector. Taxes and assessments on secured and utility rolls which constitute a lien against the property, may be paid in two installments: The first is due on November 1 of the fiscal year and is delinquent if not paid by December 10; and the second is due on March 1 of the fiscal year and is delinquent if not paid by April 10. Unsecured personal property taxes do not constitute a lien against real property unless the taxes become delinquent. Payment must be made in one installment, which is delinquent if not paid by August 31 of the fiscal year. Significant penalties are imposed by the county for late payments.

The County of San Joaquin levies, bills, and collects property taxes and special assessments for the City. Property taxes levied are recorded as revenue when received, in the fiscal year of levy, due to the adoption of the "alternate method of property tax distribution", known as the Teeter Plan, by the City and the County of San Joaquin. The Teeter Plan authorizes the Auditor/Controller of the County of San Joaquin to allocate 100 percent of the secured property taxes billed, but not yet paid. The County of San Joaquin remits tax monies to the City in three installments as follows:

50 percent remitted in December 45 percent remitted in April 5 percent remitted in June

<u>Tax Levy Apportionments</u> – Due to the nature of the City-wide maximum levy, it is not possible to identify general purpose tax rates for specific entities. Under state legislation adopted subsequent to the passage of Proposition 13, apportionments to local agencies are made by the county auditor-controller based primarily on the ratio that each agency represented of the total City-wide levy for the three years prior to fiscal year 1979.

<u>Property Tax Administration Fees</u> – The State of California FY 1990-91 Budget Act authorized counties to collect an administrative fee for collection and distribution of property taxes. Property taxes are recorded as net of administrative fees withheld during the fiscal year.

#### G. Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair value on the date contributed. The City's policy is to capitalize all capital assets with costs exceeding \$1,000 (infrastructure is \$50,000).

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### G. Capital Assets (Continued)

The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each fiscal year represents that year's pro rata share of the cost of capital assets. GASB Statement No. 34 requires that all capital assets with limited useful lives be depreciated over their estimated useful lives. Alternatively, the "modified approach" may be used for infrastructure (streets and roads) capital assets. Depreciation is not provided under this approach, but all expenditures on these assets are expensed, unless they are additions or improvements.

Except for streets and roads covered by the modified approach, depreciation has been provided on capital assets. Depreciation of all capital assets is charged as an expense against operations each fiscal year until the asset is fully depreciated. Depreciation is calculated using the straight line method which depreciates evenly over the assets' useful life. The City has assigned the useful lives listed below to capital assets.

| Buildings   | 10-30 years |
|---|-------------|
| Improvements  | 5-50 years  |
| Equipment   | 2-20 years  |
| Grading, curbs, gutters, sidewalks, driveway approaches | 40 years    |
| Traffic signals   | 20 years    |
| Street drainage   | 40 years    |
| Other   | 5-40 years  |

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is reflected in the capitalized value of the assets constructed, net of interest earned on the invested proceeds over the same period.

#### H. Compensated Absences

Compensated absences are accrued as earned by employees, and consist only of vacation leave. The City measures vacation accrual annually; however, vacation payments are not distinguished from regular payroll paid during the year, nor are accruals made other than annually. The City's liability for compensated absences is recorded in various governmental funds or proprietary funds as appropriate. For all governmental funds, amounts expected to be paid out of current financial resources are recorded as fund liabilities; as these liabilities represent the matured value due to retirement or resignations; the long-term portion is recorded in the Statement of Net Assets.

Compensated absences are liquidated by the fund that has recorded the liability only when matured. The long-term portion of governmental activities compensated absences is liquidated primarily by the General Fund.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### I. Postemployment Benefits

Employees who retire with at least ten years of service may elect to convert all accrued sick leave at the time of retirement to a medical insurance bank. Miscellaneous employees except members of the Teamsters Bargaining Unit can bank their unused sick leave upon retirement. Members of the Teamsters can also bank their unused sick leave only if they have at least ten (10) years of employment with the City. Safety employees: Police employees can bank their unused sick leave if they have at least ten (10) years of employment. Fire employees have a choice to bank their unused sick leave. Fire employees also need at least ten (10) years of employment to receive this benefit. The value of the medical insurance bank is determined by multiplying the number of accrued sick leave hours by the employees' hourly rate of pay.

The retired employee and his/her dependents are entitled to continued group health insurance coverage currently in effect with premiums for such coverage being deducted from the medical leave bank until that bank is exhausted.

The cost of retiree health care benefits is recognized as an expenditure as health care premiums are paid. For the fiscal year ending June 30, 2012, those costs for 35 retirees totaled \$288,287, and the total liability amount in the medical leave bank is \$1,369,792.

### J. <u>Use of Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, as prescribed by the GASB and American Institute of Certified Public Accountants (AICPA), requires management to make assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

#### K. Cash, Cash Equivalents, and Investments

### 1. Cash Management

The City pools cash resources of its various funds to facilitate cash management. Cash in excess of current requirements is invested and reported as investments. It is the City's intent to hold investments until maturity. However, the City may, in response to market conditions, sell investments prior to maturity in order to improve the quality, liquidity or yield of the portfolio. Interest earnings are apportioned among funds based on ending accounting period cash and investment balances.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### K. Cash, Cash Equivalents, and Investments (Continued)

#### 2. Investments Valuation

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investment and for External Investment Pools, highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

### 3. State Investment Pool

The City participates in the Local Agency Investment Fund (LAIF), an investment pool managed by the State of California. LAIF has invested a portion of the pool funds in Structured Notes and Asset-Backed Securities. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments. In addition, these Structured Notes and Asset-Backed Securities are subject to market risk as a result of changes in interest rates.

## 4. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. All cash investments of the proprietary fund types are pooled with the City's pooled cash and investments.

# NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

## A. Budgetary Information

Annual budgets are adopted for all governmental fund types except capital projects funds on a basis consistent with accounting principles generally accepted in the United States of America. The City's budget ordinance requires that in June of each fiscal year the City Manager submit a preliminary budget that includes projected expenditures and the means of financing them, to the City Council for the fiscal year commencing the following July 1. As modified during public study sessions, the preliminary budget becomes the proposed budget. Following public hearings on the proposed budget, the final annual budget is adopted by the City Council. After adoption of the final budget, transfers of appropriations within a general fund department, or within other funds, can be made by the City Manager. Budget modifications between funds; increases or decreases to a fund's overall budget; transfers between general fund departments; or transfers that affect capital projects, must be approved by the City Council. Numerous properly authorized amendments are made during the fiscal year.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

## NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

#### A. Budgetary Information (Continued)

The City does not adopt budgets for the Proposition 1B, Residential and Commercial Rehabilitation Loan, Traffic Congestion Relief, and Grow Tracy Special Revenue Funds, Parks COP and Regional Mall COP Debt Service Funds, and all Capital Projects Funds.

Budgetary control is enhanced by integrating the budget into the general ledger accounts. Encumbrance accounting (e.g., purchase orders) is employed by the City.

## B. <u>Deficit Fund Balances</u>

#### **Major Enterprise Fund**

A deficit net assets of \$24,798 exists in the Municipal Airport Fund. The deficit is due to the City incurring costs in excess of revenue.

#### **Nonmajor Funds**

A deficit fund balance of \$3,149 exists in the Business Improvement District Special Revenue Fund. The deficit is due to the City incurring costs in advance of receiving revenues.

A deficit fund balance of \$289,215 exists in the TEA Grant Special Revenue Fund. The deficit is due to the City incurring costs in excess of revenues.

A deficit fund balance of \$776,495 exists in the South County Fire Authority Special Revenue Fund. The deficit is due to the City incurring costs in excess of revenues.

A deficit fund balance of \$2,188 exists in the Parks COP Debt Service Fund. The deficit is due to the City incurring costs in excess of revenues.

#### C. Excess of Expenditures over Appropriations

Nonmajor Governmental Funds:

| Proposition K Transportation Tax Special Revenue Fund | \$<br>721,976 |
|---|---------------|
| State Gas Tax Street Special Revenue Fund             | 692,544       |
| Tea Grant Special Revenue Fund                        | 1,089,909     |

June 30, 2012

# NOTE 3 – CASH AND INVESTMENTS

Cash and investments as of June 30, 2012 are classified in the accompanying financial statements as follows:

| Statement of net assets:  |     |             |
|---|-----|-------------|
| Cash and investments  | \$  | 151,379,468 |
| Cash and investments with fiscal agents                           |     | 19,378,841  |
| Restricted cash and investments                                   |     | 113,455     |
| Fiduciary funds:  |     |             |
| Restricted cash and investments                                   |     | 3,449,903   |
| Cash and investments  |     | 14,721,978  |
| Cash and investments with fiscal agents                           |     | 20,738,647  |
| Total cash and investments  | \$  | 209,782,292 |
| Cash and investments as of June 30, 2012 consist of the following | ng: |             |
| Cash on hand  | \$  | 3,709       |
| Deposits with financial institutions                              |     | 9,007,022   |
| Investments   |     | 200,771,561 |
|   |     |             |
| Total cash and investments  | \$  | 209,782,292 |

## NOTE 3 – CASH AND INVESTMENTS (Continued)

# A. <u>Investments Authorized by the California Government Code and the City's Investment Policy</u>

The table below identifies the investment types that are authorized for the City of Tracy (City) by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the City, rather than the general provisions of the California government Code or the City's investment policy.

## NOTE 3 - CASH AND INVESTMENTS (Continued)

### B. <u>Investments Authorized by Debt Agreements</u>

Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies the Investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address and concentration of credit risk.

|   |          | Maximum      | Maximum       |
|---|----------|--------------|---------------|
|   | Maximum  | Percentage   | Investment    |
| Authorized Investment Type                | Maturity | of Portfolio | in One Issuer |
| U.S. Treasury Obligations                 | None     | None         | None          |
| U.S. Agency Securities                    | None     | None         | None          |
| Banker's Acceptance                       | 180 days | None         | None          |
| Commercial Paper                          | 270 days | None         | None          |
| Money Market Mutual Funds                 | N/A      | None         | None          |
| Investment Contracts                      | 30 years | None         | None          |
| Local Agency Investment Fund (State Pool) | None     | None         | None          |

#### C. Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

## NOTE 3 - CASH AND INVESTMENTS (Continued)

## D. Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The City has no investments (including investments held by bond trustees) that are highly sensitive to interest rate fluctuations (to a greater degree than already indicated in the information provided above).

# E. <u>Disclosures Relating to Credit Risk</u>

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of fiscal year end for each investment type.

# F. Concentration of Credit Risk

The investment policy of the City contains limitations on the amount that can be invested in any one issuer. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments are as follows:

|              |                           | Reported         |
|--------------|---------------------------|------------------|
| _lssuer      | Investment Type           | <br>Amount       |
| FHLB         | Federal agency securities | \$<br>17,979,902 |
| FNMA         | Federal agency securities | 18,897,838       |
| <b>FHLMC</b> | Federal agency securities | 19,932,054       |

There are no investments in any one issuer that represent 5% or more of total investments (other than U.S. Treasury Securities, Mutual funds, and external investment pools) by reporting unit (primary government, governmental activities, business type activities, fiduciary funds, major funds, nonmajor funds in the aggregate, etc.).

# NOTE 3 – CASH AND INVESTMENTS (Continued)

#### G. Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the government unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2012, \$9,490,590 of the City's deposits with financial institutions were covered by federal depository insurance limits or were held in collateralized accounts. As of June 30, 2012, City investments in the following investment types were held by the same broker-dealer (counterparty) that was used by the City to buy the securities:

|                           | Reported         |            |  |
|---------------------------|------------------|------------|--|
| Investment Type           | Amount           |            |  |
| U.S. Treasury Notes       | \$               | 14,325,506 |  |
| Federal Agency Securities | ities 67,142,539 |            |  |
| Commercial Paper          | 6,383,081        |            |  |
| Corporate Note            |                  | 34,528,667 |  |
| Negotiable Time Deposits  |                  | 1,500,000  |  |
| Municipal Bonds           |                  | 490,055    |  |

#### H. Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### **NOTE 4 – LOANS RECEIVABLE**

#### A. Community Development Agency Loans

As of February 1, 2012, the following Community Development Agency Loans were transferred to the City of Tracy Housing Successor Fund.

The Agency administers a residential and commercial rehabilitation program using Housing and Urban Development funds. Federal funds received by the City are deposited with a commercial bank. Upon approval of the loans, the funds are disbursed and collected by an outside collection agency. The programs are designed to encourage construction or improvement in low-to-moderate income housing or other projects. Under these programs loans are provided under favorable terms to homeowners or developers who agree to spend these funds in accordance with the City's terms. The balance of the loans receivable arising from these programs was \$304,044 at June 30, 2012.

In 1994, the Agency loaned \$609,000 in Low and Moderate Income Housing funds to Mountain View Townhomes Association, a partnership of non-profit corporations, to assist in the construction of thirty-seven residential rental units, thirty-six of which are available to low income families. The loan is secured by a second deed of trust, is payable over twenty-three years beginning in 2026 and accrues interest at 3%. As of June 30, 2012, principal and accrued interest totaled \$873,915.

In 1996, the Agency agreed to loan Eden Housing Inc., up to \$2,208,691 to assist in the development and construction of seventy-two low income housing units. The loan is payable over ten years beginning forty years after the project is complete, and accrues interest at 1% per year. As of June 30, 2012, principal and accrued interest totaled \$2,393,646.

In 2000, the Agency agreed to loan Habitat for Humanity up to \$100,000 to construct/reconstruct from five to seven properties to ownership housing for very low-income families. The funds are to be used to pay all City fees necessary to develop and build affordable housing under the sponsorship of Habitat for Humanity. To date, Habitat for Humanity has expended \$40,093 of the loan proceeds. The loan is secured by a deed of trust on the property and may be forgiven if the property remains occupied by a low-income family for a period of ten years. Unexpended loan funds are kept in a City of Tracy account available for use by Habitat for Humanity as needed. The balance of the outstanding loan as of June 30, 2012 including accrued interest is \$49,740.

The City loaned 37 individuals \$2,153,335 from the Low and Moderate Income Housing Fund of the Redevelopment Agency. The loans have been authorized for each of the recipients as part of the housing down payment assistance program. The Redevelopment Agency is the beneficiary of the promissory notes issued, recorded, and secured by real property. The loans are due when the underlying property is sold.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

## NOTE 4 – LOANS RECEIVABLE (Continued)

#### A. Community Development Agency Loans (Continued)

The City, through the Low and Moderate Income Housing Fund of the Redevelopment Agency has entered into a loan agreement (a below market deferred loan) with City Development, Inc for an amount not to exceed \$4,404,512 to be used as a gap financing instrument for the development of a 50 unit affordable senior housing complex. The loan is a 1%, 40 year loan. As of June 30, 2012, the developer owes \$4,560,234 including accrued interest.

In November 2007, the Community Development Agency of the City of Tracy (Agency) entered into an Owner Participation and Loan Agreement with DHI Tracy Garden Associates, LP (DHI). DHI will develop and rehabilitate an 88 unit Senior Housing Complex for low income senior households. The maximum amount of loan from the Agency will be \$1,975,000. Simple interest shall accrue annually at 3%. Upon default the rate will increase to the lesser of 10% or the maximum allowed by law. The loan is secured by a trust deed on the underlying property. This trust deed is subordinated to all other loans. Maturity of the loan is November 1, 2064. Payment on the loan is deferred until maturity unless the property is conveyed (other than that approved by the Agency) or there is a default. Total amount owed as of June 30, 2012 is \$2,243,735 which includes accrued interest of \$268,735.

#### B. Conditional Grants

The City has several programs under which it extends loans to qualifying individuals or groups for the purpose of improving the City's housing stock and/or its supply of low-and-moderate income housing. Certain of these loans provide for the eventual forgiveness of the loan balance if the borrower complies with all the terms of the loan over its full term. The City accounts for these loans as conditional grants in the government-wide financial statements, and provides a reserve against their eventual forgiveness using the straight-line method over the life of the respective loan. Total amount of allowance at June 30, 2012 was \$1,003,593.

#### C. Development Loan

In September 2006, the City loaned a property owner \$40,000 to assist in the demolition of a structure in order for the property owner to construct new housing units on the site. The loan is due and payable when the properties are sold. The balance as of June 30, 2012 is \$40,000.

#### D. Settlement Note Revenue

The City is the holder of a promissory note dated September 8, 2009. The debtor is Sycamore Landscaping Co., who settled with the City for overcharges on its landscaping agreement. The note calls for monthly principal payments of \$3,857 plus interest at the quarterly LAIF rate beginning October 1, 2009 with a final maturity date of June 30, 2013. The balance of the note as of June 30, 2012 was \$49,393.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

### NOTE 4 – LOANS RECEIVABLE (Continued)

#### E. Employee Computer Loans

All full-time permanent City employees who have completed their probationary period are eligible to obtain an interest free loan to purchase a computer. All requests for loans are subject to review by the participating employee's department manager and must be approved by the City Manager. Repayment of these loans is handled through payroll deductions which are spread out equally until paid in full. Employees must pay off any outstanding balance of their loans upon ending employment with the City. As of June 30, 2012, employees had \$12,749 in loans due to the City.

### G. Housing Loan (Related Party)

The City of Tracy loaned \$595,000 to its previous City Manager (Related Party). The proceeds from the loan were to assist in the purchase of a home within the City. The loan is a 30 year fully amortized loan with monthly payments of \$2,446 including principal and interest at 4%. The balance of the loan as of June 30, 2012 is \$504,825.

## H. Tracy Mall Partners, L.P. Loan

The West Valley Mall Revitalization Program provides a financial incentive to the owners of the West Valley Mall (Mall Owner) or a prospective tenant to be used for tenant improvements.

During the fiscal year 2011, the City and the Tracy Mall Partners, L.P. entered into an agreement where the City will provide a financial contribution to the Mall Owner. In exchange, the Mall Owner will guarantee that Macy's will lease the anchor tenant location for a minimum of 10 years. Over the 20 year term, the Mall Owner is obligated to repay the City for the financial incentive at the rate of \$151,250 a year or \$3,025,000 for the 20 year term. The contribution amount will be forgiven to the extent that increased sales tax revenue to the City exceeds \$151,250 per year from Macy's or new tenants of the Mall.

As of June 30, 2012, the balance of the loan is \$2,745,000.

# B. <u>Depreciation Allocations</u>

Depreciation expense was charged to functions and programs based on their usage of the related assets. The amounts allocated to each function or program were as follows:

| Gov  | /ernm          | ental  | Activities: |
|------|----------------|--------|-------------|
| くコにハ | v <del>e</del> | ıeınaı | ACHVIIIES   |

| City administration - nondepartmental                 | \$ 1,156,781  |
|---|---------------|
| Police  | 424,255       |
| Fire  | 70,200        |
| Development and engineering                           | 1,342,964     |
| Public works  | 5,115,473     |
| Cultural arts   | 579,916       |
| Parks and recreation                                  | 918,710       |
| Unallocated   | 565,672       |
|   |               |
| Total Depreciation Expense - Governmental Activities  | \$ 10,173,971 |
|   |               |
| Business-type Activities:                             |               |
| Water utility   | \$ 8,130,187  |
| Sewer utility   | 7,737,992     |
| Municipal airport                                     | 240,072       |
| Solid waste   | 273           |
| Municipal transit                                     | 917,471       |
| Drainage  | 2,868,579     |
| -   |               |
| Total Depreciation Expense - Business-type Activities | \$ 19,894,574 |
|   |               |

# NOTE 5 – CAPITAL ASSETS (Continued)

## C. Roads Covered by the Modified Approach

The City has elected to use the modified approach discussed above with respect to its roads, most of which are relatively new. The City's policy is to maintain these roads at an overall condition index level averaging 73%, instead of providing depreciation. During the fiscal year 2012, the City expended \$1,347,061 to preserve its roads. The City estimates that it will be required to expend approximately \$2,073,800 in the fiscal year 2013 to maintain its roads at this condition level.

# NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

#### A. <u>Current Interfund Balances</u>

Current interfund balances arise in the normal course of business (i.e. one fund loaning funds to pay for current expenditures) and are expected to be repaid shortly after the end of the fiscal year. The following is a summary of interfund balances as of June 30, 2012.

| Receivable Funds            | Amount       | Payable Funds                 | Amount       |
|-----------------------------|--------------|-------------------------------|--------------|
| Major Governmental Fund     |              | Major Proprietary Funds       |              |
| General                     | \$ 965,245   | Municipal Airport             | \$ 702,200   |
|                             |              | Solid Waste                   | 14,805       |
| Nonmajor Governmental Funds |              | Municipal Transit             | 1,090,500    |
| Capital Projects Deposit    | 2,302,700    |                               |              |
| General Projects            | 1,226,190    | Nonmajor Governmental Funds   |              |
| ·                           |              | Business Improvement District | 1,160        |
|                             |              | Proposition 1B                | 570,750      |
|                             |              | Transportation Development    | 510,000      |
|                             |              | TEA Grant                     | 655,440      |
|                             |              | South County Fire Authority   | 949,280      |
| Totals                      | \$ 4,494,135 |                               | \$ 4,494,135 |

# NOTE 6 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Continued)

#### B. Long-term Interfund Advances

At June 30, 2012, the funds below had made advances which were not expected to be repaid within the next fiscal year.

| Funds making advances      | Funds receiving advances |    | Amount    |
|----------------------------|--------------------------|----|-----------|
|                            |                          |    |           |
| Major Governmental Fund    | Major Proprietary Fund   | •  |           |
| General                    | Municipal Airport        | \$ | 244,057   |
| Water                      | Municipal Airport        |    | 862,500   |
|                            |                          |    |           |
| Nonmajor Governmental Fund | Major Governmental Fund  |    |           |
| Northeast Industrial       | Northeast Industrial     |    |           |
| Plan Area #2               | Plan Area #1             |    | 1,747,454 |
| Totals                     |                          |    |           |
|                            |                          | \$ | 2,854,011 |

**Municipal Airport** advance to be repaid over 33 years at 2.42% interest, interest only for 3 years, annual payments of \$40,770 for remaining 30 years. The land of the airport serves as security for the advance, which carries an interest rate of 6%. The funds were used for projects at the airport.

**Northeast Industrial Plan Area # 1** advance is being repaid over five years, where early repayment of principal is permitted, with an interest rate equal to funds invested in Local Agency Investment Fund (LAIF). The funds were used for projects within the project area.

### C. Interfund Transfers

| Receiving Funds                         | Transfers In | Paying Funds                     | Transfers Out |
|---|--------------|----------------------------------|---------------|
| Major Governmental Fund                 |              | Major Governmental Funds         | _             |
| Community Development<br>Agency Housing | \$ 871,833   | General<br>Community Development | \$ 1,427,405  |
| Nonmajor Governmental Funds             |              | Agency Debt Service              | 1,271,833     |
| Suoth County Fire Authority             | 250,000      | - ,                              |               |
| Traffic Congestion Relief               | 4,405        |                                  |               |
| 2007 Lease Revenue Bonds                | 284,000      |                                  |               |
| 2008 Lease Revenue Bonds                | 1,289,000    |                                  |               |
| Major Proprietary Fund                  |              | Major Proprietary Fund           | _             |
| Municipal Airport                       | 418,235      | Water Utility                    | 418,235       |
| Totals                                  | \$ 3,117,473 |                                  | \$ 3,117,473  |

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

## NOTE 6 - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Continued)

#### C. <u>Interfund Transfers</u> (Continued)

In general, the City uses interfund transfers to (1) move revenues from the funds that collect them to the funds that statute or budget requires to expend them, (2) use unrestricted revenues collected in the General Fund to help finance various programs and capital projects accounted for in other funds in accordance with budgetary authorization, (3) move cash to debt service funds from the funds responsible for payment as debt service payments become due and (4) move various dollars from capital projects funds to funds where the projects were completed.

In general, the effect of the interfund activity has been eliminated from the governmentwide financial statements.

# D. Advance to CDA Successor Agency

As of February 1, 2012, the redevelopment agency ceased operations as a component unit of the City and all assets and liabilities were transferred to a private purpose trust fund except for housing assets. The \$2,803,520 was an advance payment from Community Development Housing fund to Community Development Agency Debt Service to provide sufficient cash to pay the debt service payments due in September 2011. Due to the State SERAF payment requirement during fiscal year 2010 and 2011, the fund had insufficient cash to make the payment. Borrowing from the Housing Fund was authorized by State SERAF legislation. The fund will repay to the Housing Successor Fund upon approval from Department of Finance.

### NOTE 7 – LONG-TERM DEBT

#### A. Compensated Absences

City employees accumulate earned but unused vacation and sick pay benefits which can be converted to cash at termination of employment. The City estimates the amounts that might be liquidated with expendable currently available financial resources in the fund that will liquidate the liability, if any, and the remaining liability is reported as long-term debt on the Statement of Net Assets. Expenditures are reported in the governmental fund statements that liquidate the current liability. However, in the Statement of Activities the expense is allocated to each function based on usage. The portion of these vested benefits, payable in accordance with various collective bargaining agreements, at June 30, 2012, total \$2,908,999 for governmental activities and \$537,230 for business-type activities.

June 30, 2012

# NOTE 7 – LONG-TERM DEBT (Continued)

#### B. <u>Certificates of Participation</u>

#### 1) 2004 Wastewater Certificates of Participation

The City issued Wastewater Certificates of Participation (COPs) in March 2004. The Wastewater COPs are special obligations of the City and are payable solely from and secured by a pledge of net revenues of the Wastewater Utility System. Principal payments commence on December 1, 2007, and are payable annually on December 1, thereafter. Interest payments commence on December 1, 2004, and are payable semi-annually on December 1 and June 1, thereafter. The outstanding balance of the COPs at June 30, 2012 was \$27,950,000. Annual debt service requirements are as follows:

| Fiscal Years    |              |              |               |
|-----------------|--------------|--------------|---------------|
| Ending June 30, | Principal    | Interest     | Total         |

#### C. Revenue Bonds

#### 1) 2008 Lease Revenue Bonds

On December 16, 2008 the City under the Tracy Operating Partnership (TPA) issued \$19,765,000 of 2008 Lease Revenue Bonds. The proceeds of the bonds are to be used for acquisition and construction of projects, prepay the outstanding principal balance (\$9,835,000) of the 1998 Certificates of Participation, and pay costs of issuance. Interest payments on the bonds are due semi-annually each April 1 and October 1 at rates varying between 3% and 6.375%. Principal is due annually each October 1 with \$3,850,000 of serial bonds due between 2009 and 2027 and \$15,915,000 of term bonds due between 2028 and 2038. The JPA has pledged revenue pursuant to a site and facility lease between the City and the JPA for the Police Department Headquarters and the Fire Administration Building. The lease rental payments are due semi-annually and are in an amount sufficient to make payments on the bonds. Upon issuance of the bonds \$10,135,356 (which includes \$865,475 cash available from the 1998 Certificates) is being deposited to prepay in full the 1998 Certificates on December 16, 2008 which included a call premium in the amount of \$196,700. The net proceeds of \$9,300,548 are to be deposited in the City (\$7,174,242) and the Redevelopment Agency (\$2,126,306). The outstanding balance of the bonds at June 30, 2012 is \$19,285,000

## NOTE 7 – LONG-TERM DEBT (Continued)

#### 2) 2003 Wastewater Revenue Refunding Bonds

The City issued Wastewater Revenue Bonds in May, 2003 to provide funds to refund the balance of the 1993 Wastewater Certificates of Participation. The refunding resulted in an overall savings of \$419,472 and an economic gain of \$291,760. The Wastewater Revenue Bonds are special obligations of the City and are payable solely from and secured by a pledge of net revenues of the Wastewater Utility System. Principal payments commence on December 1, 2003, and are payable annually on December 1, thereafter. Interest payments commence on December 1, 2003, and are payable semi-annually on June 1 and December 1, thereafter. The outstanding balance of the bonds at June 30, 2012 was \$680,000. Annual debt service requirements are as follows:

|   | Fiscal Years    |    |           |              |               |

## NOTE 7 - LONG-TERM DEBT (Continued)

# C. Revenue Bonds (Continued)

## 3) 2007 Lease Revenue Bonds - Series A

On October 25, 2007, the City issued \$2,690,000 of 2007 Lease Revenue Bonds Series A. The proceeds of the bonds are to be used to finance the acquisition and construction of a fire station and to pay costs of issuance including an insurance premium to acquire a reserve fund surety bond. The bonds are secured by a lien on the revenues consisting mainly of rental payments made by the City under a property lease dated October 1, 2007. The bonds bear interest ranging from 4.375% to 4.5%. Principal is payable annually beginning March 1, 2025. Interest is payable semi-annually every March 1 and September 1. Final maturity of the bonds is March 1, 2037. The outstanding balance of the bonds at June 30, 2012 is \$2,690,000. Annual debt service requirements are as follows:

| Fiscal | Years |
|--------|-------|

#### 4) 2007 Lease Revenue Bonds – Series B

On October 25, 2007, the City issued \$1,980,000 of 2007 Lease Revenue Bonds Series B. The proceeds of the bonds were used to prepay the outstanding 1995 Refunding Certificates of Participation and to pay costs of issuance including an insurance premium to acquire a reserve fund surety bond. The bonds are secured by a lien on the revenues consisting mainly of rental payments made by the City under a property lease dated October 1, 2007. The bonds bear interest rate ranging from 4% to 4.25%. Interest is payable semi-annually on March 1 and September 1. Principal is payable annually beginning on March 1, 2009. Final maturity of the bonds is March 1, 2025. The outstanding balance of the bonds at June 30, 2012 was \$1,490,000.

The proceeds from the bonds along with a reserve fund from the 1995 Certificates were used to immediately call the 1995 bonds. The City has a total overall savings on the refunding of \$281,934 and a net present value savings (economic gain) of \$166,312. Annual debt service requirements are as follows:

### D. Notes and Loans Payable

<u>U.S. Economic Development Administration (EDA) Note</u> – The revenues of the City's water utility serve as collateral for this Note. The City is required to maintain rates for service sufficient to generate net revenues equal to 1.10 times the principal and interest due the succeeding year. Principal and interest (5%) are payable annually each July 1. During the fiscal year, the City paid off its entire outstanding balance in an amount of \$1,266,669. The outstanding balance of the note at June 30, 2012 was \$0.

1992 State of California Department of Transportation Division of Aeronautics Loans — The 1992 loan helped fund the construction of the Tracy Municipal Airport. In January 1995, the City received an additional loan of \$150,000 for the construction of the ten unit hangar at the airport. In November 1998, the City received an additional loan of \$250,000 for the paving of runways and fence construction. Principal and interest on each loan is payable annually each April 2 and January 12. The outstanding balance of the loans at June 30, 2012 was \$72,942. Annual debt service requirements are as follows:

State of California Department of Health Services Loan – In 2006, the City entered into a loan agreement with the State of California Department of Health Services in the amount of \$20,000,000 for assistance in the construction of its new Water Treatment Plant. The proceeds from the loan can be drawn down by the City as needed for construction. The loan is a fully amortized loan over 20 years at an annual interest rate of 2.34%. The City will be obligated to make semi-annual payments of principal and interest in the amount of \$628,960 beginning July 1, 2009 with a final maturity date of January 1, 2028. As of June 30, 2012 the City has balance due of \$16,274,382. Annual debt service requirements are as follows:

# E. <u>Installment Purchase Obligations</u>

The City on December 20, 2005 purchased police communications equipment under a lease agreement with Sun Trust Leasing Corp. The fair value of the equipment at the time of lease was \$438,766 and the lease qualifies as a capital lease. The City's minimum annual lease payment on the equipment is \$73,103, which includes interest at 4%. The final maturity of the lease is December 20, 2012. The balance outstanding as of June 30, 2012 was \$170,293. The future minimum debt service requirements are as follows:

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. For the governmental activities, claims and judgments, and compensated absences are generally liquidated by the general fund.

# G. <u>Deferred Debt Issuance Costs And Gain/Loss on Debt Refunding</u>

Bond issuance costs and deferred gain/loss on refundings are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

#### H. Defeased Debt

As of June 30, 2012, all prior debt defeased has been paid in full, there are no outstanding debt balances.

# NOTE 8 – SPECIAL ASSESSMENT DISTRICT DEBT WITH NO CITY COMMITMENT

Special Assessment Districts in various parts of the City have issued debt to finance infrastructure improvements and facilities within their boundaries. The City is the collecting and paying agent for the debt issued by these Districts, but has no direct or contingent liability or moral obligation for the payment of this debt. Therefore, this debt is not included as debt of the City. The outstanding balance of each of these issues as of June 30, 2012, is as follows:

# NOTE 8 - SPECIAL ASSESSMENT DISTRICT DEBT WITH NO CITY COMMITMENT (Continued)

|   |             |          | \$142,895,000 |

### **NOTE 9 – CONTINGENCIES AND COMMITMENTS**

The City had commitments under construction and similar contracts that approximate \$17.7 million at June 30, 2012.

The City is subject to other litigation arising in the normal course of business. In the opinion of the City Attorney, there is no pending litigation which is likely to have a material adverse effect on the financial position of the City.

The City participates in Federal and State grant programs. These programs have been audited by the City's independent accountants in accordance with the provisions of the Federal Single Audit Act Amendments of 1996 and applicable State requirements. No cost disallowances were proposed as a result of these audits; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

#### NOTE 10 - CITY EMPLOYEES' RETIREMENT PLAN (DEFINED BENEFIT PENSION PLAN)

<u>Plan Description</u>: The City of Tracy contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and city ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office – 400 P Street – Sacramento, CA 95814.

<u>Funding Policy</u>: Participants are required to contribute 7% (9% for safety employees) of their annual covered salary. The City makes the contributions required of City employees on their behalf and for their account. The City is required to contribute at an actuarially determined combined rate of 13.808% for miscellaneous employees and 27.253% for fire and police safety employees. The contribution requirements of plan members and the City are established and may be amended by PERS.

Annual Pension Cost: For 2012, the City's annual pension cost of \$7,160,910 for PERS was equal to the City's required and actual contributions. The required contribution was determined as part of the June 30, 2009, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.75% investment rate of return (net of administrative expenses), (b) projected annual salary increases that vary by duration of service, and (c) .25% per year cost-of-living adjustments. Both (a) and (b) included an inflation component of 3.0%. The actuarial value of PERS was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a three-year period (smoothed market value). PERS unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at June 30, 2010, was 27 years for safety, and 22 years for miscellaneous.

<u>Funded Status and Funding Progress</u>: As of June 30, 2010, the most recent actuarial valuation date, the miscellaneous plan and safety plan were 81.6 percent and 80.5 percent funded, respectively. The actuarial accrued liabilities for benefits were \$89.8 million (miscellaneous) and \$102.1 million (safety), and the actual value of assets were \$73.3 million (miscellaneous) and \$83.2 million (safety), resulting in unfunded actuarial accrued liabilities (UAAL) of 16.5 million (miscellaneous) and \$18.9 million (safety). The covered payroll (annual payroll of active employees covered by the plans) were \$20.4 million and \$16.3 million for miscellaneous and safety, respectively. The ratio of the UAAL to the covered payroll was 80.7% and 116.2%, respectively.

The schedules of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### NOTE 11 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

<u>Plan Description</u> The City of Tracy administers a single employer defined benefit (implicit subsidy) healthcare plan (Plan).

The City offers medical, dental, vision and life insurance benefits to its employees, retirees, and their dependents. The City does not explicitly pay for the cost of retiree health premiums, however. The medical plans consist of two HealthNet HMO options, a HealthNet PPO, HealthNet High Deductible Health Plan (HDHP), and a Kaiser HMO, all fully insured. Medical premiums for retirees under age 65 are the same as those charged for active employees.

The City allows retirees to convert accrued sick leave to an account balance, called a "Medical Bank", that can be used for medical, dental and vision premiums. After the account is exhausted, the retiree has option either to terminate coverage or elect to continue paying the medical (but not dental or vision) premiums from personal funds. Spouses and eligible dependent children of retirees may also be covered at the retiree's expense. While the City does not directly contribute towards the cost of premiums for retirees, the ability to obtain coverage at an active employee rate constitutes a significant economic benefit to the retirees, called an "implicit subsidy" under Governmental Accounting Standards Board Statement No. 45 (GASB 45). The inclusion of the retirees increases the City's overall health insurance rates; it is, in part, the purpose of this valuation to determine the amount of the subsidy.

The ability to participate in the City's health plan by self-paying the premiums extends for the lifetime of the retiree; however, upon attaining the age of Medicare eligibility (65), the retiree may enter a plan coordinated with Medicare. Standard actuarial practice assumes that Medicare supplement plans do not generally give rise to an implicit subsidy, and while we have included Medicare eligible retirees in this valuation, both their liability under GASB 45 and their annual implicit subsidy are both \$0.

# NOTE 11 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

The Plan does not issue a separate financial report.

Funding Policy. The contribution requirement of plan members and the City are established and may be amended by the City. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually by the City.

Annual OPEB and Net OPEB Obligation. The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), and amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the fiscal year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation.

| Annual required contribution                   |    | 429,163   |
|--|----|-----------|
| Plus - Interest contribution                   |    | 42,728    |
| Less - Amortization adjustment                 |    | (55,590)  |
| Annual OPEB cost (expense)                     |    | 416,301   |
| Contribution made                              |    | (129,295) |
|  |    |           |
| Increase in net OPEB obligation                |    | 287,006   |
| Net OPEB obligation - beginning of fiscal year |    | 854,558   |
| Net OPEB obligation - end of fiscal year       | \$ | 1,141,564 |

The City 's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2012 and the two preceding years were as follows:

| Fiscal  |           |         | Percentage of            |            | Net       |
|---------|-----------|---------|--------------------------|------------|-----------|
| Year    | Annual    |         | Annual OPEB              |            | OPEB      |
| Ended   | OPEB Cost |         | <b>Cost Contribution</b> | Obligation |           |
|         |           |         |                          |            |           |
| 6/30/10 | \$        | 303,834 | 32%                      | \$         | 674,275   |
| 6/30/11 |           | 300,734 | 80%                      |            | 854,558   |
| 6/30/12 |           | 416,301 | 31%                      |            | 1,141,564 |

Funded Status and Funding Progress. As of July 1, 2011, the most recent actuarial valuation date, the plan was 0% funded. The actuarial accrued liability for benefits was \$3,213,284, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,213,284. The covered payroll (annual payroll of active employees covered by the plan) was \$33.2 million, and the ratio of the UAAL to the covered payroll was 9.7 percent.

#### NOTE 11 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2011 actuarial valuation, the Projected Unit Credit Cost method was used. The actuarial assumptions included a 5.0 percent investment rate of return, which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual healthcare cost trend rate of 8.0 percent initially, graded down 1% per year to an ultimate 5% per year beginning in 2014. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at July 1, 2011 was thirty years.

#### **NOTE 12 – JOINT POWERS AGREEMENT**

During the fiscal year 2000, the City and the Tracy Rural Fire District formed the South County Fire Authority (Authority), a joint powers agreement. As part of this agreement, the employees of Tracy Rural Fire District became City employees and the City took over the management of the Authority's fire stations. The Authority is governed by a Board composed of two members each from the City and the Authority. Financial statements for the Authority may be obtained from the City of Tracy at 325 East Tenth Street, Tracy, CA 95376.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

# NOTE 13 - NET ASSETS AND FUND BALANCES

#### A. Net Assets

Net assets are the excess of all the City's assets over all its liabilities, regardless of fund. Net assets are divided into three captions under GASB Statement No. 34. These captions apply only to net assets, which is determined only at the government-wide level, proprietary funds, and fiduciary funds and are described below.

Invested in capital assets, net of related debt describe the portion of net assets which is represented by the current net book value of the City's capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describe the portion of net assets which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. These principally include developer fees received for use on capital projects, debt service requirements, redevelopment funds restricted for low-and-moderate income purposes, and gas tax funds for street construction.

Unrestricted describes the portion of net assets which is not restricted as to use.

#### B. Fund Balances

As of June 30, 2012, fund balances of the governmental funds are classified as follows:

**Nonspendable** – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

**Committed** – amounts that can be used only for specific purposes determined by a formal action of the governing board is the highest level of decision-making authority for the City. Commitments may be established, modified, or rescinded only through resolutions approved by the governing board.

**Assigned** – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the City's adopted policy, only the governing board or director may assign amounts for specific purposes.

**Unassigned** – all other spendable amounts.

# NOTE 13 – NET ASSETS AND FUND BALANCES (Continued)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

The governing board adopted a minimum fund balance policy for the General Fund in order to protect the City against revenue shortfalls or unpredicted one-time expenditures. The unassigned balance in an amount of \$25,676,182 includes a Reserve for Economic Uncertainties in an amount of \$8,002,008

## NOTE 14 - RESTRICTED NET ASSETS

Restricted net assets are subject to constraints either (1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation. Restricted net assets at June 30, 2012 are as follows:

| Dokt Comissos                                  | Governmental             |            |

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

### NOTE 16 - REVENUE LIMITATIONS IMPOSED BY CALIFORNIA PROPOSITION 218

Proposition 218, which was approved by the voters in November 1996, will regulate the City's ability to impose, increase, and extend taxes, assessments, and fees. Any new, increased, or extended taxes, assessments, and fees subject to the provisions of Proposition 218, require voter approval before they can be implemented. Additionally, Proposition 218 provides that these taxes, assessments, and fees are subject to the voter initiative process and may be rescinded in the future years by the voters.

### **NOTE 17 – DEFERRED COMPENSATION PLAN AND TRUST**

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the employees. Accordingly, the plan/trust assets have been excluded from the City's reported assets.

# NOTE 18 - RISK MANAGEMENT

#### A. Coverage

The City and 53 other entities in the Central San Joaquin area are members of a joint powers agreement called the Central San Joaquin Valley Risk Management Authority (RMA), which was established to provide for the sharing of risk among the member agencies. The RMA is governed by a Board of Directors elected by the member agencies; it is not a component unit of the City.

The RMA provides general liability coverage of \$900,000 above the City's self insurance limit of \$100,000 per occurrence, and property damage insurance up to \$500,000,000 including the City's deductible of \$1,000 to \$25,000 per occurrence. General liability claims in excess of \$1,000,000 up to a maximum of \$15,000,000 are covered through RMA's participation in the Local Agency Workers' Compensation Excess Joint Powers Authority. The remaining excess is covered by the RMA through a policy with an independent insurance carrier up to \$24,000,000 for workers compensation and \$1,000,000 each accident for employer's liability excess of \$1,000,000 Self Insurance Retention Level (SIR).

The RMA maintains separate records for each member for each year of participation. The records track cash paid to the RMA through deposit premium assessments, the City's self-insured retention portion of claims paid, and the City's allocation of shared risks. Three years after the close of the workers' compensation coverage year and five years after the close of the general liability coverage year, the RMA assesses the status of all members for the year, then either makes a refund to a member if it has positive balance (i.e. payout and reserve experience is less than premiums paid) or collects any deficit.

# CITY OF TRACY NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

# NOTE 18 - RISK MANAGEMENT (Continued)

### A. Coverage (Continued)

During the fiscal year ended June 30, 2012, the City contributed \$2,596,314 for current year coverage and received refunds of \$284,675.

Audited financial statements are available from the Central San Joaquin Risk Management Authority at 6371 Auburn Boulevard, Citrus Heights, CA 95621.

### B. Liability for Uninsured Claims

The City provides for the uninsured portion of claims and judgments, including provisions for claims incurred but not reported, in the Insurance Internal Service Fund. Claims and judgments are recorded when a loss is deemed probable of asserting and the amount of the loss is reasonably determinable. As discussed above, the City has coverage for such claims, but it has retained the risk for the deductible, or uninsured portion of these claims. The City has estimated that 50% of total claims will become due and payable within one year.

The City's liability for uninsured claims was estimated by management based on prior year claims experience and the third party JPA where the City as of June 30, 2012 has reserve deposits which cover claims and IBNRs except for \$112,494.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

# NOTE 19 - SUCCESSORY AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of Tracy that previously had reported a redevelopment agency within the reporting entity of the City as a blended component unit.

The Bill provides that upon dissolution of a redevelopment agency, either the city or other unit of local government will agree to serve as the "successor agency" to hold the assets unitil they are distributed to other units of state and local government. On January 17, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of the City resolution number 2012-021.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence as the date of the dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The Bill directs State Controller of the State of California review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the state Controller is required to order the available assets to be transferred to the public body designated as the successor agency by the Bill.

Management believes, in consultation with legal counsel, that the obligations of the former redevelopment agency due to the City are valid enforceable obligations payable by the successor agency trust under the requirements of the Bill. The City's position on this issue is not a position of settled law and there is considerable legal uncertainty regarding this issue. It is reasonably possible that a legal determination may be made at a later date by an appropriate judicial authority that would resolve this issue unfavorably to the City.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012.

Prior to that date, the final seven months of activity of the redevelopment agency continued to be reported in the governmental funds of the City. After the date of dissolution, the assets and activities of the dissolved redevelopment agency are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the City.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

# NOTE 19 - SUCCESSORY AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY (Continued)

The transfer of the assets and liabilities of the former redevelopment agency as of February 1, 2012 (effectively the same date as January 31, 2012) from governmental funds of the City to fiduciary funds was reported in the governmental funds as an extraordinary loss (or gain) in the governmental fund financial statements. The receipt of these assets and liabilities as of January 31, 2012 was reported in the private-purpose trust fund as an extraordinary gain (or loss).

Because of the different measurement focus of the governmental funds (*current financial resources measurement focus*) and the measurement focus of the trust funds (*economic resources measurement focus*), the extraordinary loss(gain) recognized in the governmental funds was not the same amount as the extraordinary gain (loss) that was recognized in the fiduciary fund financial statements.

The difference between the extraordinary gain recognized in the fund financial statements and the extraordinary loss recognized in the fiduciary fund financial statements is reconciled as follows:

| Total extraordinary (gain)/loss reported in governmental fund – (decrease)/increase to net assets of the Successor Agency Trust Funds                              | \$ 10,190,655   |
|--|-----------------|
| Capital assets recorded in the government-wide financial statements – increase of net assets of the Successor Agency Trust Funds                                   | 3,472,436       |
| Deferred charges reported in the government-wide financial statements – increase of net assets of the Successor Agency Trust Funds                                 | 3,163,232       |
| Long-term debt reported in the government-wide financial statements – decrease to net assets of the Successor Agency Trust Funds                                   | (48,715,000)    |
| Net decrease to net assets of the Successor Agency Trust Funds as a result of initial transfers (equal to amount of extraordinary gain reported in the government- |                 |
| wide financial statements of the City)   | \$ (31,888,677) |

# **Tax Allocation Bonds**

# Former Community Development Agency Tax Allocation Bonds

In 1994, the former Agency issued Tax Allocation Bonds in the amount of \$20,605,000 to finance redevelopment projects. Agency tax increment revenue is pledged for the repayment of these Bonds. Principal and interest payable semi-annually each March 1 and September 1. The Agency issued \$55,720,000 of Tax Allocation Bonds with interest rates ranging from 2.00% to 6.15% to advance refund \$17,290,000 of outstanding 1994 Tax Allocation Bonds. As a result, the \$17,290,000 of outstanding Tax Allocation Bonds are considered to be defeased and the liability for those bonds has been removed.

In March 2001, the Agency issued the Tax Allocation Bonds, Series A, in the amount of \$15,000,000 to fund infrastructure improvements and redevelopment activities of benefit to the Project Area. Agency tax increment revenue is pledged for the repayment of these Bonds. Principal and interest are payable semi-annually each March 1 and September 1. The Agency issued \$55,720,000 of Tax Allocation Bonds with interest rates ranging from 2.00% to 6.15% to advance refund \$15,000,000 of outstanding 2001 Tax Allocation Bonds, Series A. As a result, the \$15,000,000 of outstanding Tax Allocation Bonds is considered to be defeased and the liability for those bonds has been removed.

# NOTES TO BASIC FINANCIAL STATEMENTS June 30, 2012

# NOTE 20 - SUCCESSOR AGENCY (Continued)

### Tax Allocation Bonds (Continued)

# Former Community Development Agency Tax Allocation Bonds (Continued)

During the 2004-05 fiscal year, the Agency issued Tax Allocation Bonds in the amount of \$55,720,000, with interest rates ranging from 2.00% to 6.15% per annum, to provide funds for certain projects of the Agency and to defease the 1994 and 2001 Tax Allocation Bonds. The bonds mature semiannually on each March 1, through 2034. The outstanding balance of the bonds at June 30, 2012 was \$47,520,000. Annual debt service requirements are as follows:

| Fiscal Years    |               |              |              |
|-----------------|---------------|--------------|--------------|
| Ending June 30, | Principal     | Interest     | Total        |
| 2013            | \$ 1,245,000  | \$ 2,467,612 | \$ 3,712,612 |
| 2014            | 1,300,000     | 2,412,286    | 3,712,286    |
| 2015            | 1,360,000     | 2,343,988    | 3,703,988    |
| 2016            | 1,420,000     | 2,292,460    | 3,712,460    |
| 2017            | 1,485,000     | 2,227,661    | 3,712,661    |
| 2018-2022       | 8,565,000     | 9,997,980    | 18,562,980   |
| 2023-2027       | 11,005,000    | 7,563,520    | 18,568,520   |
| 2028-2032       | 14,275,000    | 4,294,712    | 18,569,712   |
| 2033-2034       | 6,865,000     | 567,856      | 7,432,856    |
|                 |               |              |              |
|                 | \$ 47,520,000 | \$34,168,075 | \$81,688,075 |

#### Advances from Successor Housing Fund

**Successor Housing Fund** advance was to provide sufficient cash to pay the debt service payments due in September 2011. Due to the State SERAF payment requirement during fiscal year 2010 and 2011, the fund had insufficient cash to make the payment. Borrowing from the former Housing Fund was authorized by State SERAF legislation. The fund will repay to the Housing Successor Fund upon approval from Department of Finance.

# NOTE 21 – SUBSEQUENT EVENTS

Management of the City has evaluated subsequent events through December 13, 2012, the date of these financial statements were available to be issued, and has determined there were no material events requiring disclosure.

### Modified Approach to Reporting Street Pavement Costs

GASB Statement No. 34 allows the City to use the Modified Approach with respect to infrastructure assets instead of depreciating these assets. The Modified Approach may be used if two requirements are met:

- 1. The City must have an asset management system (AMS) with certain features:
  - It must maintain an up-to-date inventory of the infrastructure assets.
  - It must estimate the annual costs to maintain and preserve those assets at the condition level the City has established and disclosed through administrative or executive policy or legislative action.
  - The AMS must be used to assess the condition of the assets periodically, using a measurement scale.
  - The condition assessments must be replicable as those that are based on sufficiently understandable and complete measurement methods such that different measurers using the same methods would reach substantially similar results.
- The City must document that the roads are being preserved approximately at or above the
  condition level the City has established and disclosed. This documentation must include
  the results of the three most recent complete condition assessments and must provide
  reasonable assurance that the assets are being preserved approximately at or above the
  intended condition level.

# CITY OF TRACY REQUIRED SUPPLEMENTAL INFORMATION JUNE 30, 2012

# Modified Approach to Reporting Street Pavement Costs (Continued)

The City has elected to use the Modified Approach to report street pavement costs. The City uses the Metropolitan Transportation Commission's (MTC) Pavement System to track the condition levels of each of the street sections.

The conditions of the pavement are based on a weighted average of seven distress factors found in pavement surfaces. The MTC pavement management system uses a measurement scale that is based on a condition index ranging from zero for a failed pavement to 100 for pavement with perfect conditions. The condition index is used to classify pavement in good or better condition (70-100), fair condition (50-69), and substandard condition (less than 50).

The City's preservation costs are budgeted to be \$2,973,800 in fiscal year 2013. The Pavement Condition Index (PC) for the City's street pavement for the latest years is as follows:

|      |     | Maintenance | Actual      |
|------|-----|-------------|-------------|
| Year | PCI | Budget      | Maintenance |
| 2002 | 76  | \$1,505,620 | 1,389,043   |
| 2003 | 77  | 1,621,170   | 1,642,556   |
| 2004 | 77  | 2,043,580   | 14,441,690  |
| 2005 | 81  | 2,303,227   | 13,943,191  |
| 2006 | 78  | 2,653,860   | 14,874,752  |
| 2007 | 76  | 4,244,964   | 8,647,067   |
| 2008 | 74  | 13,605,000  | 19,466,614  |
| 2009 | 72  | 1,667,146   | 19,115,824  |
| 2010 | 73  | 4,457,510   | 3,333,185   |
| 2011 | 82  | 4,355,038   | 3,096,185   |
| 2012 | 82  | 1,775,290   | 1,347,061   |
| 2013 | 77  | 2,973,800   |             |

The City's administrative policy is to achieve a minimum rating of 65 for all street pavements. This rating allows for minor cracking and revealing of payment along with minor roughness that could be noticeable to drivers traveling at posted speed. The City expended \$1,347,061 for street preservation for fiscal year 2012.

# NOTES TO REQUIRED SUPPLEMENTAL INFORMATION June 30, 2012

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Budgetary Data

Through the budget, the City Council sets the direction of the City, allocates its resources and establishes its priorities. The Annual Budget assures the efficient and effective uses of the City's economic resources, as well as establishing that the highest priority objectives are accomplished.

The Annual Budget serves from July 1 to June 30, and is a vehicle that accurately and openly communicates these priorities to the community, businesses, vendors, employees and other public agencies. Additionally, it establishes the foundation of effective financial planning by providing resource planning, performance measures, and controls that permit the evaluation and adjustment of the City's performance.

The City collects and records revenue and expenditures within the following categories:

- Governmental Activities
- Business-Type Activities

The Governmental Funds include the General Fund, Special Revenue, Debt Service and Capital Projects funds. All funding sources are kept separate for both reporting and use of the money. The General Fund is where most City services are funded that are not required to be segregated.

The budget process begins as a team effort in January of each year, starting with an annual strategic planning meeting. Then the individual departments use projected revenue assumptions to prioritize and recommend the next fiscal year's objectives. The City Manager's Office and the Finance Department review all budget proposals and revenue assumptions, as well as all current financial obligations before preparing the document that is proposed to the City Council. The City Council reviews the Proposed Budget through a series of committees and workshops and the final adoption of the budget is scheduled for June of each year.

#### **Budgets and Budgetary Accounting**

The City uses the following procedures in establishing the budgetary data reflected in the financial statements:

- 1. Before the beginning of the fiscal year the City Manager submits to the City Council a proposed budget for the year commencing July 1.
- 2. A public meeting is conducted to obtain taxpayer comments.
- 3. The budget is subsequently adopted through passage of a resolution and is not included herein but is published separately.
- 4. All appropriations are as originally adopted or as amended by the City Council and all unencumbered budgeted amounts lapse at year-end, except in the General Fund where an expenditure control budget policy allows departments to carryover a portion of the unexpended amounts into the next fiscal year.

# NOTES TO REQUIRED SUPPLEMENTAL INFORMATION June 30, 2012

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### A. <u>Budgetary Data</u> (Continued)

- 5. Continuing Appropriations are re-budgeted by the City Council as part of the adoption of subsequent year's budgets.
- 6. Legally adopted budget appropriations are set for the General, Special Revenue, and Debt Service Funds.
- 7. The legal level of budgetary control is at the department level. A Department Head may transfer appropriations within the department. Expenditures may exceed appropriations at this level to the extent that departmental owned revenues are sufficient to offset the excess. Expenditures in excess of departmental owned revenues must be approved by the City Council. The City Council, by the affirmative vote of three members, may amend the budget to add or delete appropriations, transfer between appropriations within a fund or change appropriation transfers between funds.
- 8. Budgets for General, Special Revenue, and Debt Service Funds are adopted on a basis consistent with generally accepted accounting principles.

# B. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary control in the budgeted governmental funds.

Encumbrances outstanding at year-end are reported as reservations of fund balances, since the commitments will be honored through subsequent years' continuing appropriations. Encumbrances do not constitute expenditures or liabilities for GAAP reporting purposes.

# NONMAJOR GOVERNMENTAL FUNDS

# **SPECIAL REVENUE FUNDS**

### **BUSINESS IMPROVEMENT DISTRICT FUND**

Established to accumulate revenues from business licenses for subsequent transfer to the General Fund in order to provide donations to the Main Street Tracy Program.

#### **ASSET FORFEITURE FUND**

Established to account for the revenues that occur from asset seizures. They are specifically restricted for the purchase of law enforcement equipment and supplies.

### **PROPOSITION 1B FUND**

Established to account for the revenues from the State of California generated by the issuance of general obligation bonds. The revenues are to be used for highway safety, traffic reduction, and air quality.

#### TRANSPORTATION DEVELOPMENT FUND

Established to account for the City's share of the quarter cent statewide transportation sales tax devoted to street maintenance purposes. The tax first goes to the Transportation Development Fund.

### PROPOSITION K TRANSPORTATION FUND

Established to account for the City's share of the half cent transportation sales tax of San Joaquin County. It is used for street maintenance and repairs.

#### STATE GAS TAX STREET FUND

Established to account for the City's share of State-Imposed motor vehicle gas taxes, which are legally restricted to acquisition, construction, improvement, and maintenance of the City's streets.

# **TEA GRANT FUND**

Established to account for the revenues from transportation efficiency act grant projects.

### COMMUNITY DEVELOPMENT BLOCK GRANT FUND

Established to account for federal grant monies received from the U.S. Department of Housing and Urban Development (HUD) for Community Development Block Grants.

#### LANDSCAPING DISTRICT FUND

Established to account for transactions of the City's landscaping benefit assessment districts.

# RESIDENTIAL AND COMMERCIAL REHABILITATION LOAN FUND

Used to account for Department of Housing and Urban Development Fund (HUD) trust monies which are used for low interest loans to qualified borrowers for inner city rehabilitation projects in accordance with HUD agreements.

### **NONMAJOR GOVERNMENTAL FUNDS (Continued)**

# **SPECIAL REVENUE FUNDS (Continued)**

#### SOUTH COUNTY FIRE AUTHORITY FUND

This fund was established to account for revenues and liabilities of the Authority, which is a Joint Powers Agreement between the City and the Tracy Rural Fire District. The Authority is responsible for fire prevention and suppression in parts of the City and in surrounding unincorporated areas.

#### TRAFFIC CONGESTION RELIEF FUND

Established to account for revenues received from the Sate of California under AB2928. AB2928 is to fund local streets and roads maintenance, rehabilitation, and reconstruction projects according to the State's Traffic Congestion Relief Plan.

#### **COMMUNITY ACCESS CTV FUND**

Used to account for fees collected from City cable TV customers to cover expenses for videotaping and broadcasting the City Council meetings.

### **GROW TRACY FUND**

To establish a fund to assist local business owners through the issuance of small business loans.

# **DEBT SERVICE FUNDS**

#### 2007 LEASE REVENUE BONDS FUND

Established to accumulate funds for the payment of debt service on the lease revenue bonds issued to 1) refund the prior Certificates of Participation and 2) finance the acquisition and construction of a fire station.

#### **PARKS COP FUND**

Established to accumulate funds for payment of certificates of participating (COP) principal and interest. This COP provided the resources to purchase the Tracy Community Park as well as other public facilities sites.

#### 2008 LEASE REVENUE BONDS FUND

Established to accumulate funds for the payment of debt service on the 2008 lease revenue bonds that were originally issued to reflect prior certifications of participation and finance construction of certain City facility.

### **NONMAJOR GOVERNMENTAL FUNDS (Continued)**

# **DEBT SERVICE FUNDS (Continued)**

#### REGIONAL MALL COP DEBT SERVICE FUND

Established to accumulate funds for the payment of debt service on the COPs issued for public infrastructure in the new Regional Mall area. Funds are transferred from the general fund into this fund for this debt service.

# **CAPITAL PROJECTS FUNDS**

#### RESIDENTIAL SPECIFIC PLAN PROJECTS FUND

Established to account for capital projects financed by fees levied on developers in the City's 1987 Residential Specific Plan area.

#### NORTH EAST INDUSTRIAL PLAN AREA # 2 FUND

Established to account for capital projects to separate development in the North East Industrial area of the City.

#### **INFILL PROJECTS FUND**

Established to account for capital projects financed through capital development fees levied upon developers in the City's infill areas.

#### I-205 AREA IMPROVEMENTS FUND

Established to account for monies received from the sale of bonds for the purpose of construction of various community facilities within a specific area in the City.

#### **URBAN MANAGEMENT PLAN FACILITIES FUND**

Established to account for expenditures for the planning, design, and construction of capital facilities required for new development beyond the current infill, Residential Specific Plan (RSP), and I-205 development.

#### CAPITAL PROJECTS DEPOSIT FUND

Established to account for monies received from developers, contractors, and other entities for the purpose of reimbursing the City for expenditures incurred in studies, research, etc., regarding their proposed development.

#### SOUTH MACARTHUR PLAN AREA FUND

Established to account for projects to support development in a specific area of the City financed by assessments and/or development impact fees.

### **NONMAJOR GOVERNMENTAL FUNDS (Continued)**

# **CAPITAL PROJECTS FUNDS (Continued)**

#### INDUSTRIAL SPECIFIC PLAN SOUTH FUND

Established to account for projects to support development in a specific area of the City financed by assessments and/or development impact fees.

#### PRESIDIO PLAN AREA FUND

Established to account for projects to support development in a specific area of the City financed by assessments and/or development impact fees.

### REDEVELOPMENT OBLIGATIONS FUND

This fund is used to account for CDA grant proceeds used by the City to complete redevelopment projects.

#### TRACY GATEWAY AREA FUND

Established to account for projects to support development in a specific area of the City financed by assessments and/or development impact fees.

#### **PLAN C FUND**

Plan C is a development area of the City which was approved in 1998. Capital development fees levied on developers in this area and the related expenditures are accounted for in this fund

#### **GENERAL PROJECTS FUND**

Established to account for capital projects financial through transfers from the general fund.

#### **INTERNAL SERVICE FUNDS**

Internal Service Funds are used to finance and account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

The concept of major funds introduced by GASB Statement No. 34 does not extend to internal service funds because they do not do business with outside parties. GASB Statement No. 34 requires that for the Statement of Activities, the net revenues or expenses of each internal service fund be eliminated by netting them against the operations of the other City departments which generated them. The remaining balance sheet items are consolidated with these same funds in the Statement of Net Assets.

However, internal service funds are still presented separately in the Fund Financial Statements, including the funds below:

#### **CENTRAL GARAGE FUND**

Established to account for the maintenance of the City's fleet of vehicles which services the transportation needs of City departments and divisions.

#### **CENTRAL SERVICES FUND**

Established to account for monies received from various funds for postage, telephone, and copying charges.

#### **EQUIPMENT ACQUISITION FUND**

Established to account for the replacement of equipment utilized by City departments.

#### **BUILDING MAINTENANCE FUND**

Established to account for monies received from various funds for the repair and maintenance of all City owned and operated buildings.

#### **INSURANCE FUND**

Established to finance and account for the City's risk management and insurance programs.

#### PRIVATE-PURPOSE TRUST FUNDS

Private-Purpose Trust Funds are fiduciary funds that include a statement of net assets and statement of changes in net assets. These funds are used to account for assets held by the City as trustee for the Successor Agency to the Community Development Agency of the City of Tracy. The trust funds are custodial in nature and do not involve measurement of results of operations, however, they do use the full accrual basis of accounting to recognize receivables and payables.

Private-purpose trust funds are presented separately in the Fund Financial Statements, including the funds below:

#### **DOWNTOWN PROJECTS FUND**

Established to account for the activities of the Successor Agency which relate to ongoing Downtown Projects.

#### **CDA SUCCESSOR AGENCY FUND**

The CDA Successor Agency Fund accounts for other current activities of the Successor Agency.

#### REDEVELOPMENT OBLIGATIONS FUND

The Redevelopment Obligations Fund accounts for activity related to enforceable obligations of the Successor Agency.

#### **AGENCY FUNDS**

GASB Statement No. 34 requires that Agency Funds, the only fiduciary funds the City has, be presented separately from the Government-wide and Fund Financial Statements.

Agency Funds account for assets held by the City as an agent for individuals, government entities, and non-public organizations. These funds include the following:

#### **87-3 ASSESSMENT FUND**

Established to account for the assets held on behalf of the 87-3 Assessment District property owners until they are remitted to the bond trustee.

#### 84-1 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 84-1 Assessment District property owners until they are remitted to the bond trustee.

#### 89-1 COMMUNITY FACILITIES DISTRICT FUND

Established to account for the assets held on behalf of the 89-1 Community Facilities District property owners until they are remitted to the bond trustee.

#### 94-1 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 94-1 Community Facilities District property owners until they are remitted to the bond trustee.

#### 93-1 COMMUNITY FACILITIES DISTRICT FUND

Established to account for the assets held on behalf of the 93-1 Community Facilities District property owners until they are remitted to the bond trustee.

#### 98-1 COMMUNITY FACILITIES DISTRICT FUND

Established to account for the assets held on behalf of the 98-1 Community Facilities District property owners until they are remitted to the bond trustee.

#### 98-3 COMMUNITY FACILITIES DISTRICT FUND

Established to account for the assets held on behalf of the 98-3 Community Facilities District Property owners until they are remitted to the bond trustee.

#### 98-4 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 98-4 Community Facilities District property owners until they are remitted to the bond trustee.

#### 99-1 COMMUNITY FACILITIES DISTRICT FUND

Established to account for the assets held on behalf of the 99-1 Community Facilities District property owners until they are remitted to the bond trustee.

#### **AGENCY FUNDS (Continued)**

#### 99-2 COMMUNITY FACILITIES DISTRICT FUND

Established to account for the assets held on behalf of the 99-2 Community Facilities District property owners until they are remitted to the bond trustee.

#### 2000-01 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 2000-01 Assessment District property owners until they are remitted to the bond trustee.

#### 2000-02 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 2000-02 Assessment District property owners until they are remitted to the bond trustee.

#### 2006-01 NE INDUSTRIAL # 2 FUND

Established to account for the assets held on behalf of the 2006-01 Assessment District property owners until they are remitted to the bond trustee.

#### 1999 I205 RESIDENTIAL REASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 93-2, 95-1, 96-1, 97-1, and 97-2 Assessment District property owners until they are remitted to the bond trustee.

#### 2000-03 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 2000-03 Assessment District property owners until they are remitted to the bond trustee.

#### 2003-01 ASSESSMENT DISTRICT FUND

Established to account for the assets held on behalf of the 2003-01 Assessment District property owners until they are remitted to the bond trustee.

#### **CULTURAL ARTS FUND**

Established to account for deposits received for cultural arts projects within the City.

#### **REGIONAL TRANSPORTATION IMPACT FUND**

Established to account for transportation impact fees collected by the City and which are to be used for transportation mitigation purposes.

#### **MEDICAL LEAVE BANK FUND**

Established to account for amounts deposited from employees converted sick leave.

#### POSTEMPLOYMENT BENEFIT TRUST

Established to account for contributions on behalf of employees for postemployment benefits.

## COMBINING STATEMENT OF CHANGES IN ASSETS AND LIABILITIES For the Fiscal Year Ended June 30, 2012

#### Summary of Statistical Section Pages June 30, 2012

#### **Statistical Section**

This part of the City of Tracy's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

| <u>Contents</u>  | <u>Page</u> |
|--|-------------|
| Financial Trends   | 164         |
| These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.  |             |
| Revenue Capacity   | 167         |
| These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.  |             |
| Debt Capacity  | 179         |
| These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.                          |             |
| Demographic and Economic Information   | 185         |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.   |             |
| Operating Information  | 189         |
| These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the government provides and the activities it performs. |             |

Sources: Unless otherwise noted, the information in these schedules is derived from the City's comprehensive annual financial reports for the year ended June 30, 2012. The City implemented GASB Statement No. 34 during 1999-2000 fiscal year; schedules presenting government-wide information include information beginning in 2002.

Note - Beginning in 2004, the City classified all of its fund balances in its debt service funds as reserved due to the fact all the funds were in cash accounts earmarked for service, interest or as a revenue. Beginning in 2011, the City reclassified fund balances in accordance with GASB Statement No. 54.

#### Note:

The Government Code of the State of California provides for a legal debt limit of 15 % of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year form the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.
