## Water You Doing to Conserve?

***The State Water Board mandates  
the following actions be enforced.***

Outdoor watering must be kept on your property - avoid water runoff.

Unattended outdoor water use is prohibited between 9 a.m. and 7 p.m. daily.

Turn off any decorative fountains that are not recirculating.

Car washing is subject to above with use of a hose that has an on/off nozzle.

High pressure washing concrete areas, building exteriors, etc. may be done with a city-issued business permit.

Water leaks, once identified, must be repaired within 72 hours.

Restaurants are encouraged to serve water only upon request.

*Violations of the water use restrictions may result in penalties up to \$500 from the City of Tracy or the State of California.*

# FASE DOS RESTRICCIONES DE AGUA PARA CLIENTES DE LA CIUDAD DE TRACY

## ¿qué estás haciendo para conservar

**La Junta Estatal de Aguas estipula  
las siguientes acciones se aplican.**

Uso de agua al exterior debe mantenerse sobre su propiedad - evite uso excesivo de agua.

Se prohíbe el uso de agua afuera de su hogar entre 9 a.m. y 7 p.m. diario sin supervisión.

Apague las fuentes decorativas que no están de recirculación.

Lavar su auto está sujeta a la anterior con el uso de una manguera con una boquilla de encendido / apagado.

Lavado de alta presión las áreas de concreto, exteriores de edificios, etc se pueden hacer con un permiso de negocio emitida de la ciudad.

Fugas de agua una vez identificadas deben ser reparadas dentro de 72 horas.

Se anima a los restaurantes servir agua sólo bajo petición.

*Violaciones de las restricciones de uso de agua puede resultar en multas de hasta \$500 de la Ciudad de Tracy o el Estado de California.*

**STATE WATER RESOURCES CONTROL BOARD  
RESOLUTION NO. 2014-0038**

**TO ADOPT AN EMERGENCY REGULATION  
FOR STATEWIDE URBAN WATER CONSERVATION**

**\*Sec. 864 Prohibited Activities in Promotion of Water Conservation**

(a) To promote water conservation, each of the following actions is prohibited, except where necessary to address an immediate health and safety need or to comply with a term or condition in a permit issued by a state or federal agency:

(1) The application of potable water to outdoor landscapes in a manner that causes runoff such that water flows onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures;

(2) The use of a hose that dispenses potable water to wash a motor vehicle, except where the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use;

(3) The application of potable water to driveways and sidewalks; and

(4) The use of potable water in a fountain or other decorative water feature, except where the water is part of a recirculating system.

(b) The taking of any action prohibited in subdivision (a) of this section, in addition to any other applicable civil or criminal penalties, is an infraction, punishable by a fine of up to five hundred dollars (\$500) for each day in which the violation occurs.

Authority: Wat. Code, § 1058.5.

References: Wat. Code, §§ 102, 104, 105.

**Sec. 865 Mandatory Actions by Water Suppliers**

(a) The term “urban water supplier,” when used in this section, refers to a supplier that meets the definition set forth in Water Code section 10617, except it does not refer to suppliers when they are functioning solely in a wholesale capacity, but does apply to suppliers when they are functioning in a retail capacity.

(b)(1) To promote water conservation, each urban water supplier shall implement all requirements and actions of the stage of its water shortage contingency plan that imposes mandatory restrictions on outdoor irrigation of ornamental landscapes or turf with potable water.

(2) As an alternative to subdivision (b)(1), an urban water supplier may submit a request to the Executive Director for approval of an alternate plan that includes allocation-based rate structures that satisfies the requirements of chapter 3.4 (commencing with section 370) of division 1 of the Water Code, and the Executive Director may approve such an alternate plan upon determining that the rate structure, in conjunction with other measures, achieves a level of conservation that would be superior to that achieved by implementing limitations on outdoor irrigation of ornamental landscapes or turf with potable water by the persons it serves to no more than two days per week.
