

CONSERVATION MESSAGES:

California is facing another year of short water supplies.

- ✓ As we move into warmer weather, please set your sprinkler timers for no more than 3-8 minute intervals between 9pm-7am. Watering after 10am allows the heat to dry up the water before it is absorbed into the soil.
- ✓ Never leave your water running, unattended.
- ✓ Wash full loads of laundry and dishes.

Reminder: Pool water cannot be drained to the street if it is green or contains any chlorine. It must be drained to the sanitary sewer cleanout on your property.

If your home was built before 1994, you may qualify for our Toilet Rebate program.

For information on conservation topics, please call 209-831-4333 or visit <http://www.ci.tracy.ca.us/index.cfm?navId=687>

TRANSIT STATION UPDATES:

The Tracy Transit Station is located at 50 E 6th Street. Conference rooms are available for rent, call 209-831-6200 for more information.
