

Fire Safety Home Checklist

- ✓ Make sure candles are placed on non-tip holders. Keep them out of the reach of children and pets.
- ✓ Extension cords and multi-plug adapters are used as little as possible.
- ✓ Baseboards and portable heaters are away from anything that can burn; furniture, curtains, clothes, etc.
- ✓ No smoking in a house. Drowsy or medicated people might forget lit materials.
- ✓ Make sure smoke alarms are installed correctly in the home.
- ✓ Change batteries every year or when alarm starts beeping signaling the battery is dying.
- ✓ Keep cooking area clear of combustibles. If a grease fire occurs, slide lid over pan and turn off burner.
 - ✓ Cooking food is not left unattended.
- ✓ Keep matches and lighters away from children. Store them in a locked compartment.
