

November 18, 2012

The undersigned strongly disagree with the City of Tracy's decision to change the name of Naglee Road. As residents of the area that will be impacted by this decision, we feel that the City of Tracy should have informed us of this proposal. Not only is the cost ill-advised in these economic times, but it completely devalues the contributions of Henry Morris Naglee and the Naglee Burk Irrigation District. Do to the fact that there is already an "Auto Plaza Drive" and an "Auto Plaza Way" it seems this decision will just add to the confusion. We urge the City Council to deny this proposal.
