

Teen Empowerment Presents #RealRelationships

Agenda

- “Real talk”
- Activities
- Refreshments

Date: May 9, 2014

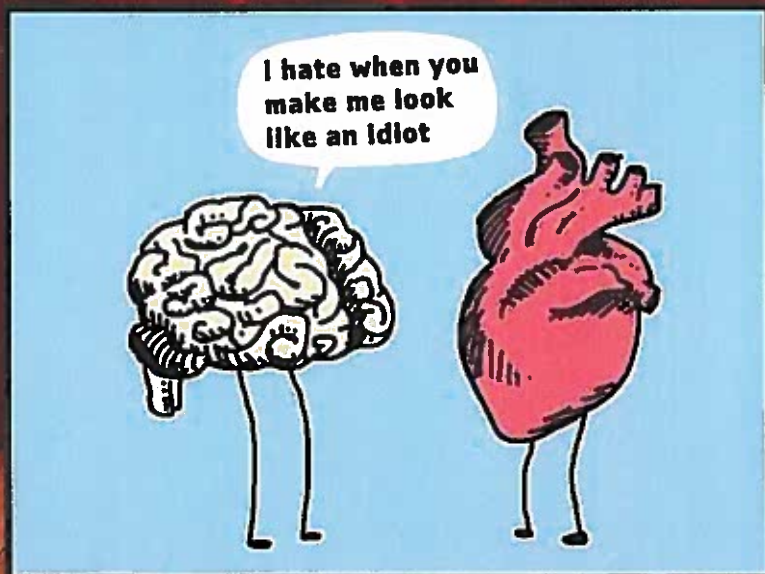

Time: 4pm - 6pm

Downtown Tracy

The Playhouse

729 Central Ave.

Contact person: (209) 507 2217

East 12th Street Survey

_____ Students leave trash everywhere on curbs, lawns, on our vehicles since this 60 day delay with our parking permits they have found new places to put their trash in our neighborhood by shoving their trash down the storm drains and into bushes so it is not visible on the street.

_____ Students drive reckless and speed, hit cars and leave the scene.

_____ Students trespass and damage property.

_____ Students urinate into bushes and on properties.

_____ Students are constantly cutting class hanging out smoking.

_____ Students are smoking marijuana right out in the open and hiding paraphernalia on properties, and in city owned bushes in front of homes.

_____ Students wait for their parents in front of homes for 30 minutes to 2 hours a day being loud laying down making out on neighbors lawns, also eating and leaving garbage behind. They carve into our trees and deface our street signs.

_____ Students take lunch, sit in their cars, their music so loud disturbing the peace.

_____ Students park in the red curbs and in driveways, or far away from the curbs making the streets even thinner than they already are for cars to pass.

_____ Students park on corners and on crosswalks.

_____ Students run stop signs.

_____ Students move garbage bins and neighbors dont have their garbage picked up. We pay for our trash pick up and storm drains!

_____ Students sit, stand, litter on property on the corner house on East and 12th Street daily being very loud for up to 45 minutes security says nothing to them at

all. They should be told to move along and go home. Many owners can not keep renters in these homes closest to the school due to the continuous problems.

PARENTS

- _____ Parents park everywhere and anywhere.
- _____ Parents block driveways daily for 30 + minutes and will not move for us.
- _____ Parents park on corners and in crosswalks also in the red.
- _____ Parents run stop signs and speed talking on cell phones while driving.
- _____ Parents sit and wait in their cars, smoking, flicking their lit cigarettes in the street and into our driveways and lawns.
- _____ Parents have younger children with them and allow them to play on our lawns and pull flowers.
- _____ Parents get nasty when being told to move when the person who lives there wants to get into or out of their driveway, we are told to wait.
- _____ Parents unload kids in our driveways.
- _____ Parents pull or back into our driveways and damage sprinklers and landscaping.

FOOTBALL

- _____ Traffic is unbearable cars blocking red curbs and driveways.
- _____ Cars park on corners and in crosswalks.
- _____ Loud music and visitors past the ordinance set by the city that is disturbing the peace being 10pm.
- _____ Lights on at the field until 2am.

_____ Blowers going to clean the field keeping neighbors up until 1:30am.

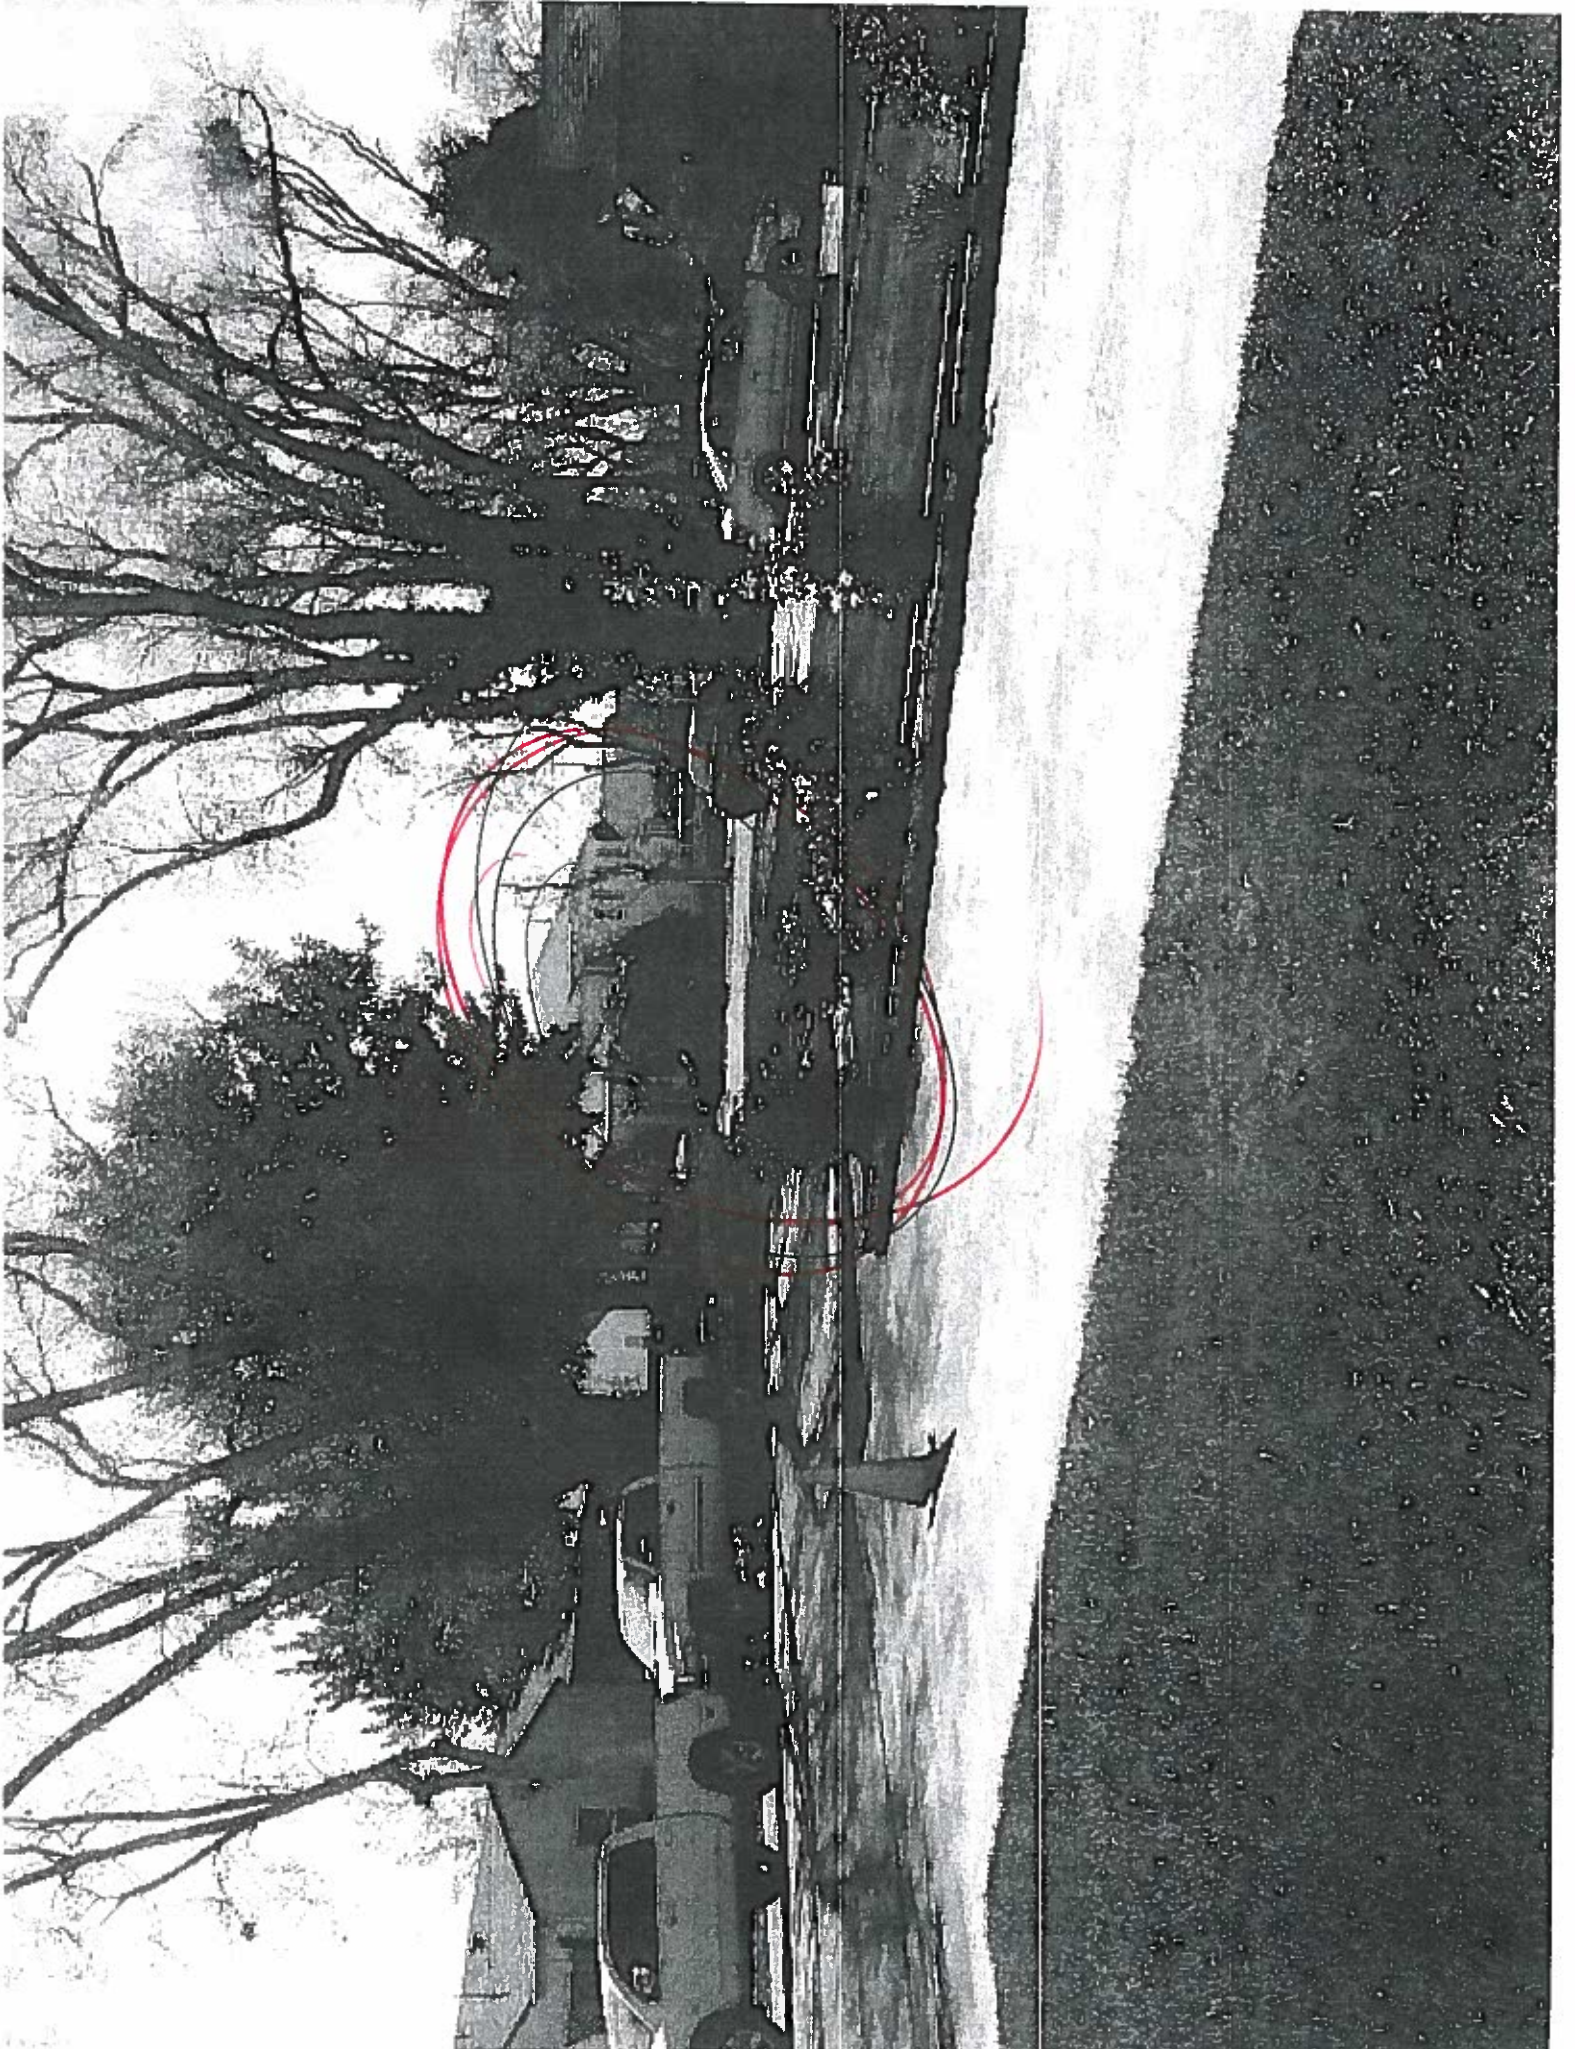

_____ Garbage left behind in our neighborhood is disgusting it is just nasty after the games. There are condoms, tampons, Pepsi cups , hot dog wrappers, BBQ food wrappers, napkins, water bottles etc.... We have to clean all that up every single Saturday morning due to the Tracy High home football games.

_____ The new thing last years was such a bright idea i had to mention it with all that crap going on down our street somebody thought it would be such a smart thing to get a small white truck with flashing lights and a detour sign to block the signal at East and 11th and send all that football traffic down our street during the games are you kidding me really!

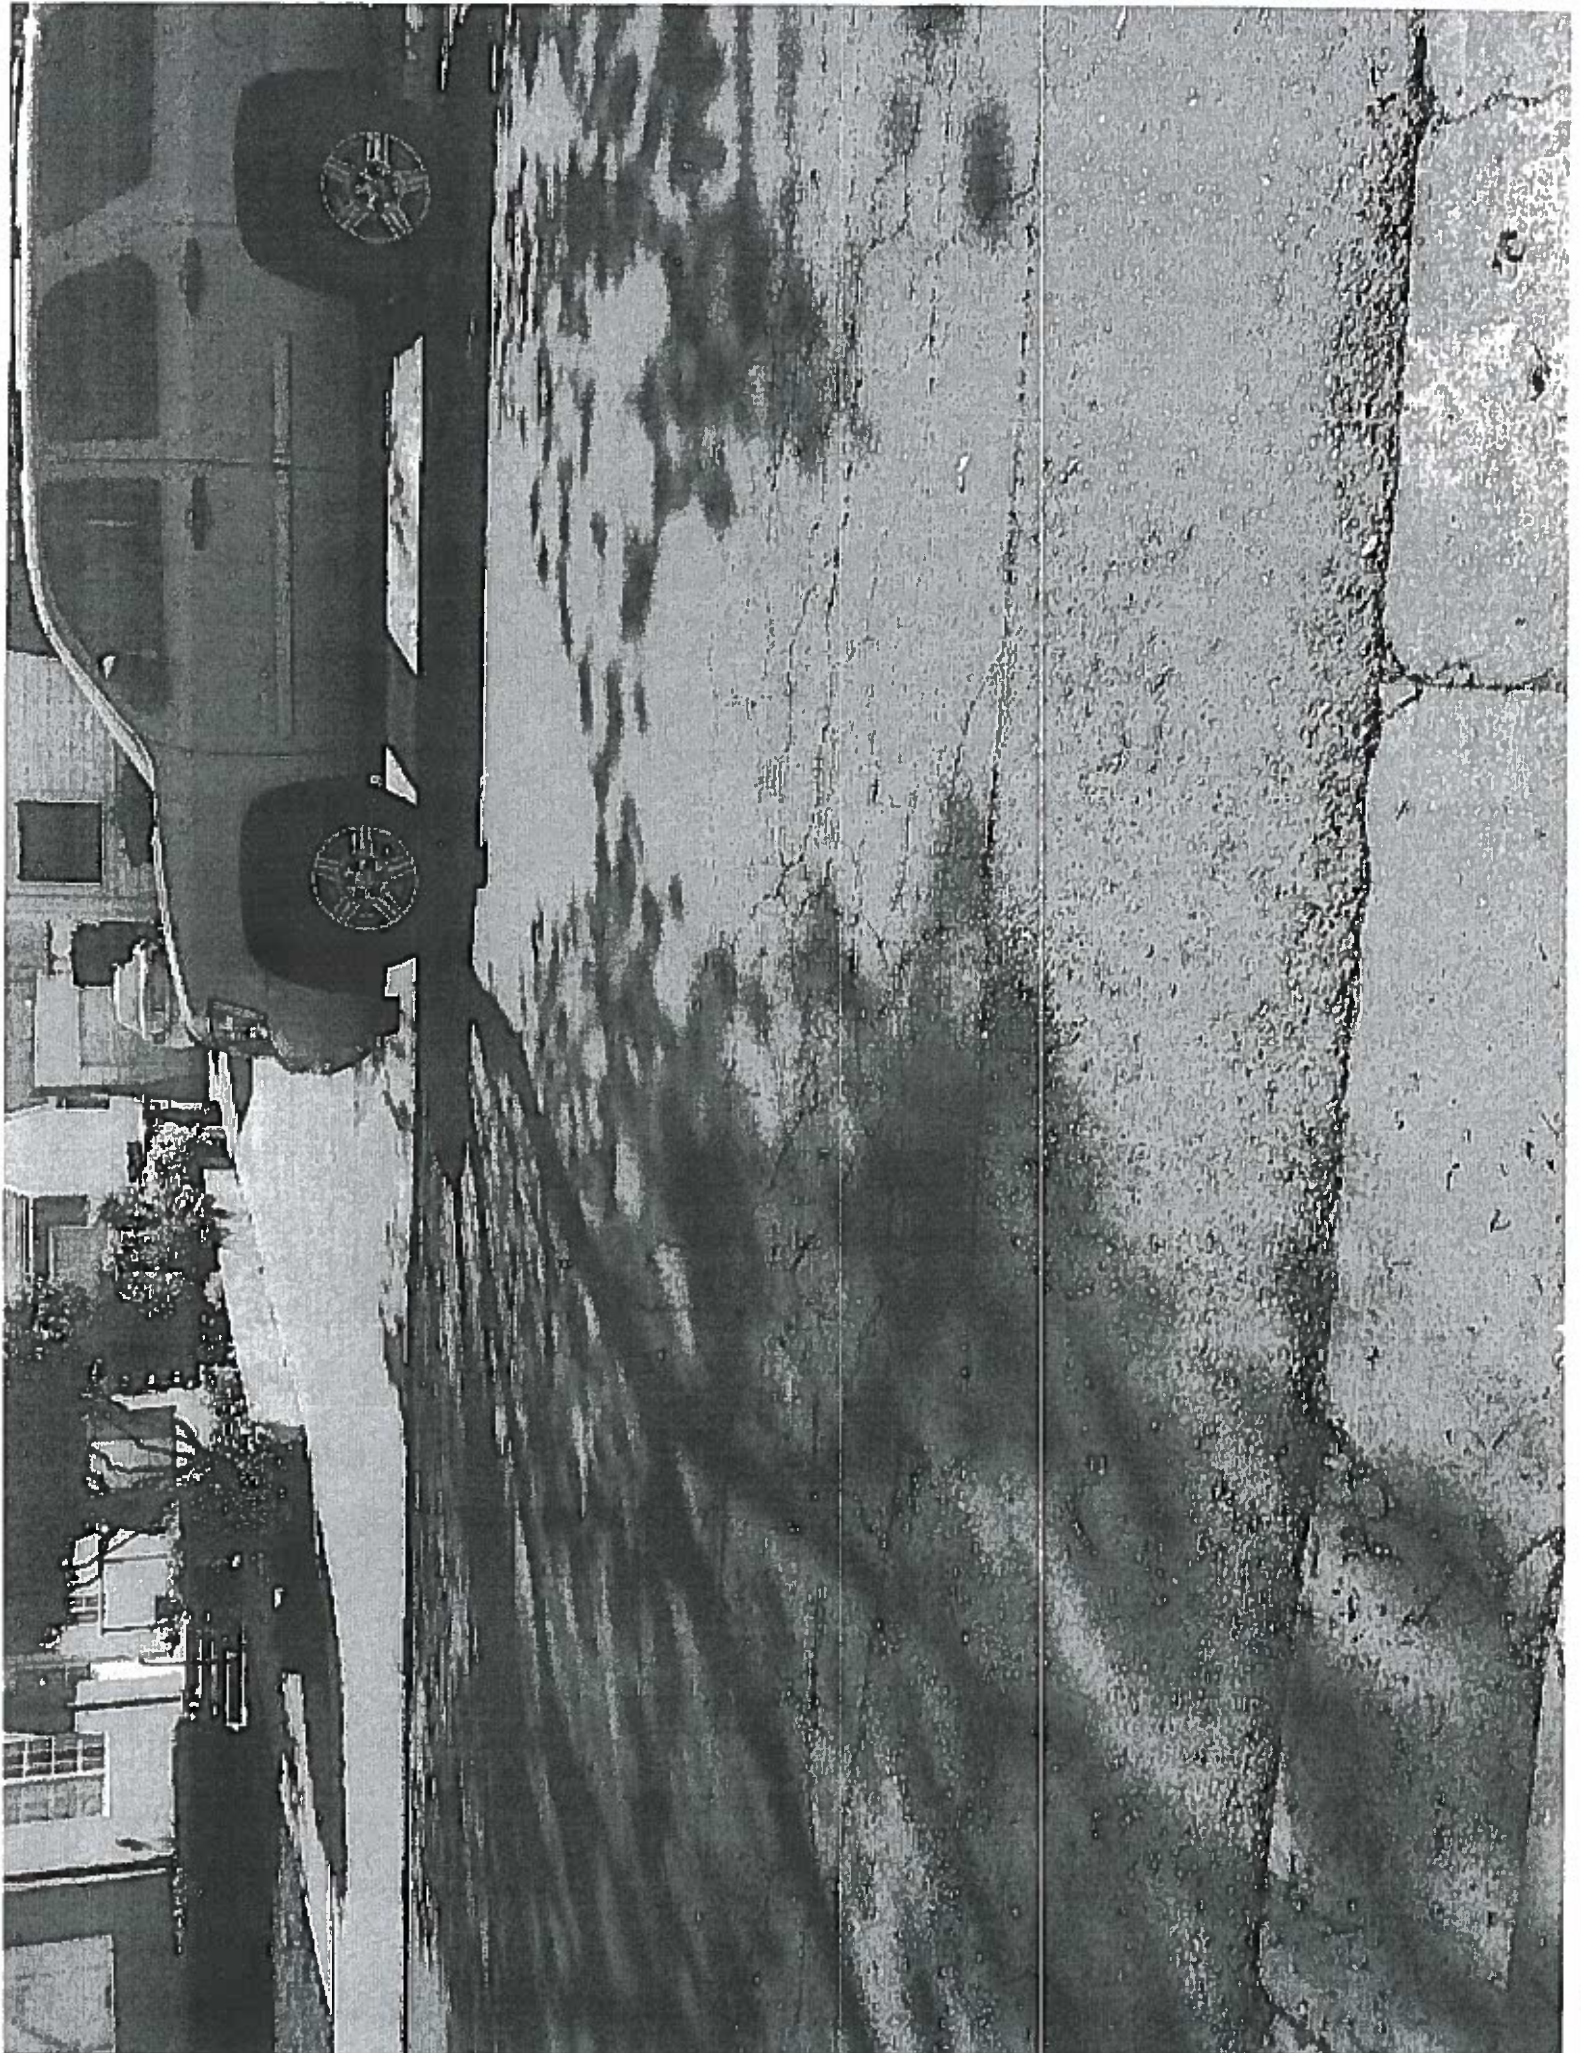

_____ Tracy High is responsible for noise violations as well as many other violations due to all the above issues with the football games. They are your guests not ours.

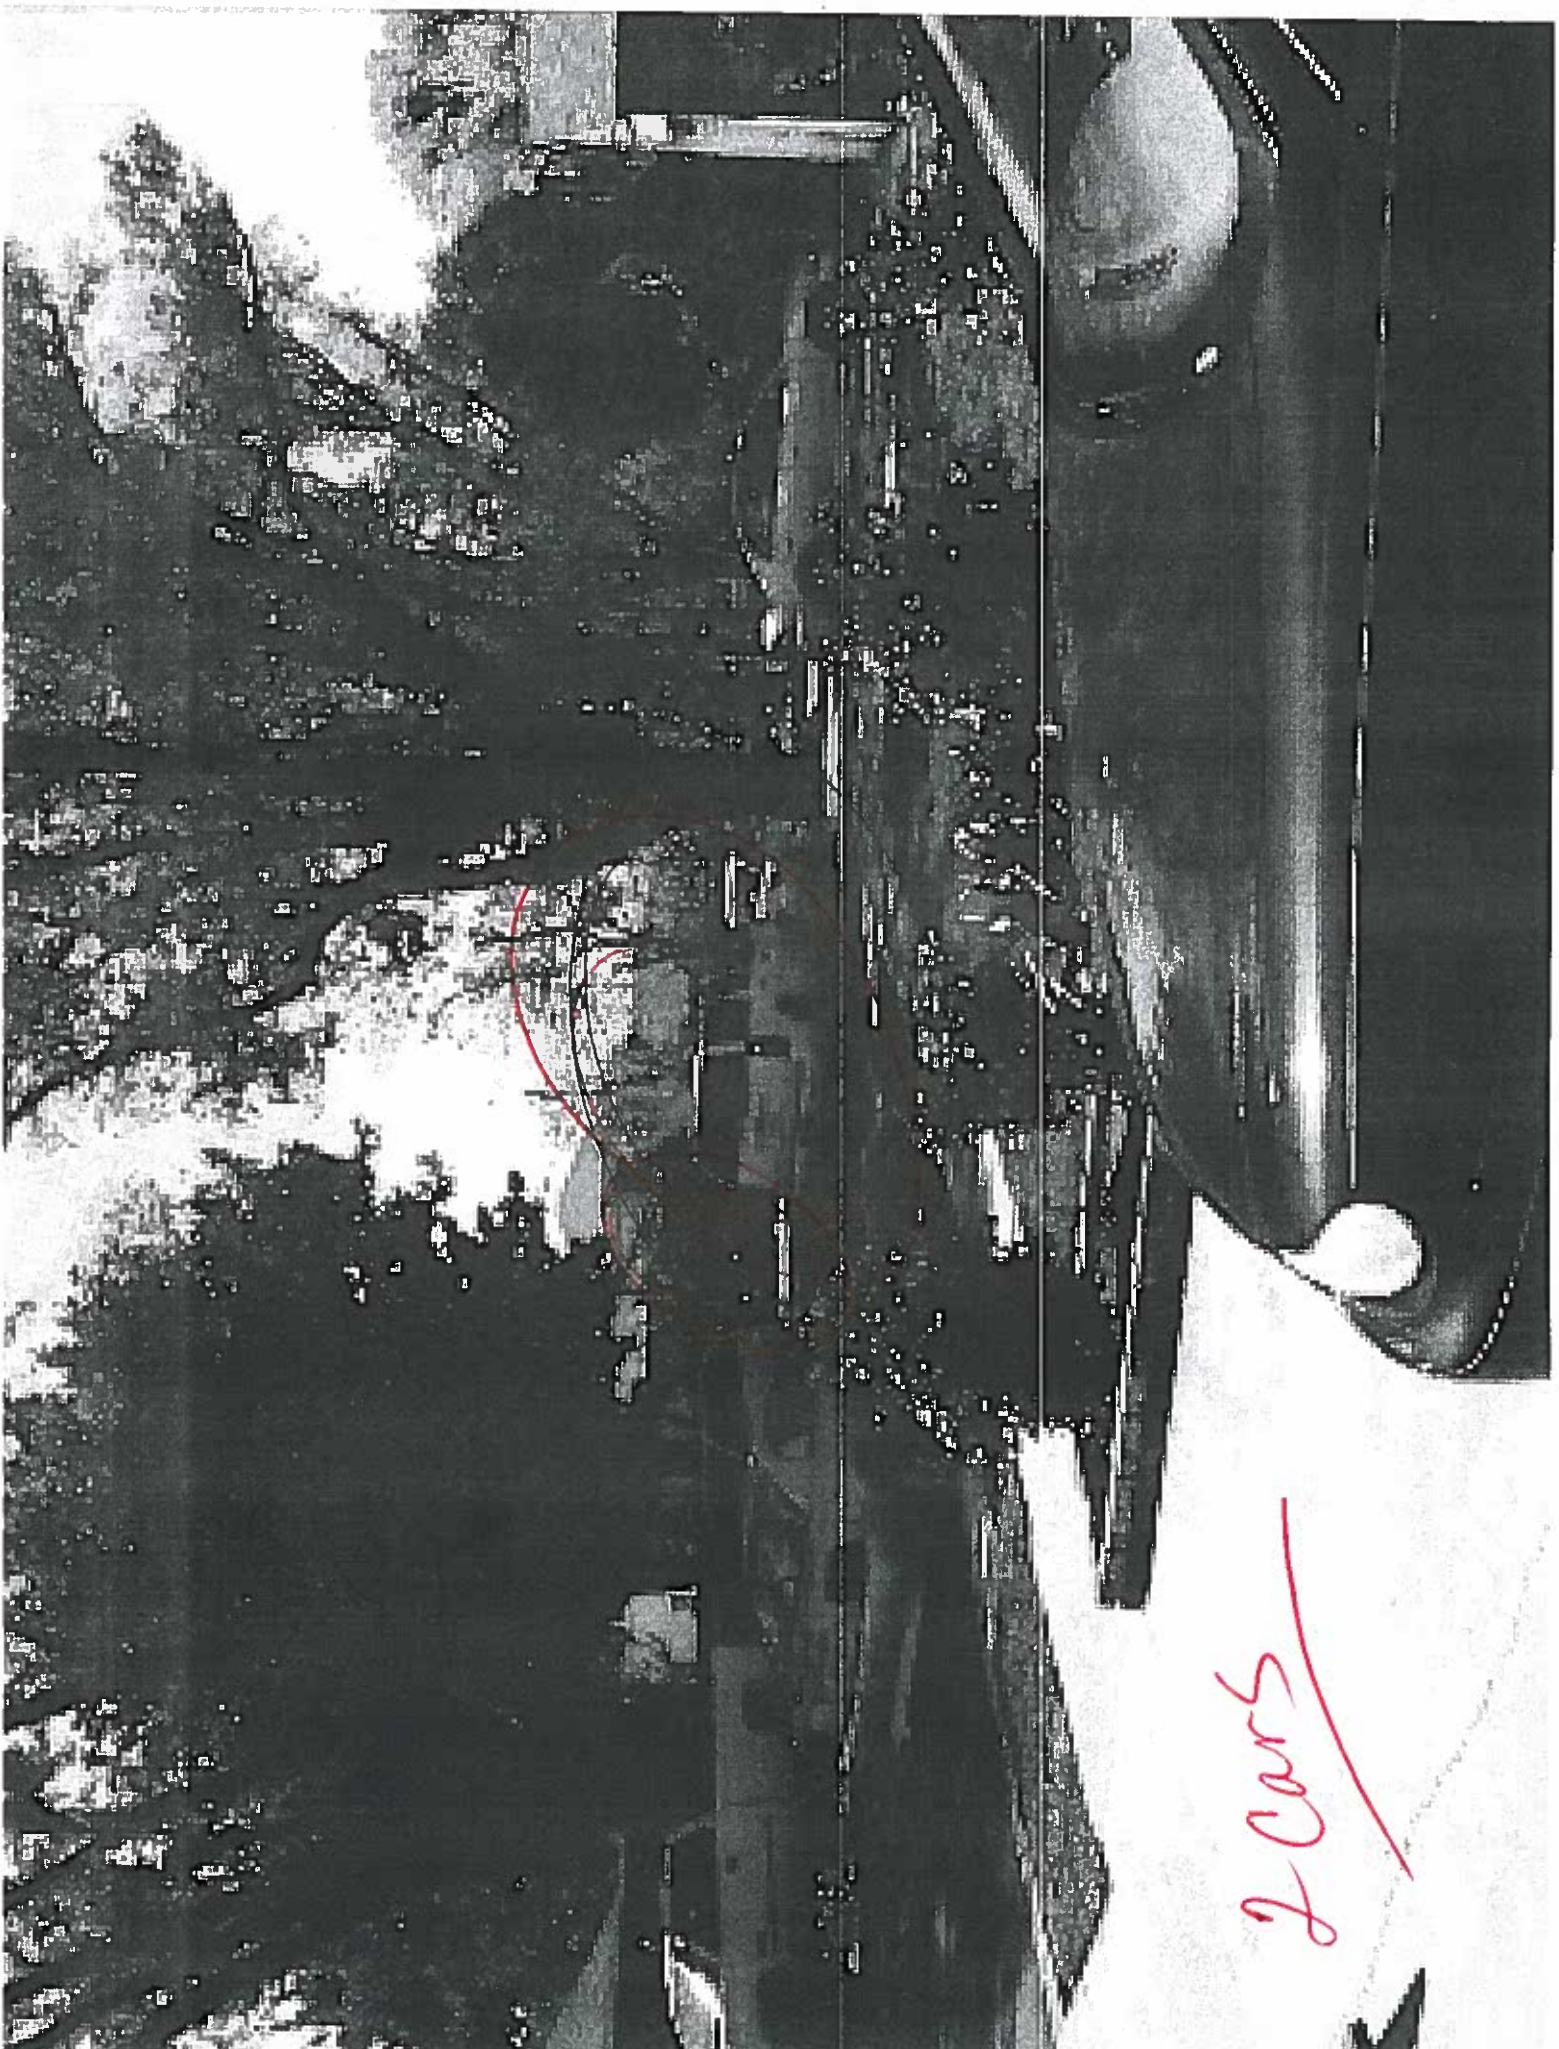

_____ People who live here should not have to park blocks away and walk to their homes because of a blocked driveways or just no parking at all in or around their homes period. On regular school days or football games. We are not going away this time Parking permits will help us and we will fight to get them. We do matter and now we have a 0 tolerance policy and will not allow this to continue! We all know that if you cared at all you would have shown up to the city council meeting on January 21st 2014 as we did. We also know that if the council wouldn't have sided with us we wouldn't have heard a thing from any of you. We also know that you may make a few small changes just because we have forced the issue. Then summer comes things calm down, and it goes right back to the same crap next year we the neighbors have to deal with the new kids and all we get are excuses from you no help no solutions. No more band aids we need and expect only a permanent resolution. We have had many meetings to go over what we could live with here, FOR US, not you and we choose parking permits. You need to build a parking lot for you students and guests or figure out somewhere else to put them. Tracy High School continues to construct new buildings that lead to more parents and students coming into our neighborhood and nobody in the entire district or school thinks about how it affects us here. Then you feel like the

kids that attend that school have a say in how we live here, but none of us here had any say with your new field being built or any new buildings that bring more problems here for us! Seems very one sided to all of us then again it has been going on this way for a very long time. We have been taking more photos than we were before, so if the students want to get up and say things are better that will be a lie and we will stand up and show our proof that it is the same as it was in January. These kids are breaking laws these parents are breaking laws your staff and security feel that the laws and rules don't apply to them. It is hard for us to sit and watch security stand there doing nothing when these kids do these things right in front of their face. Its taught behavior all the way around! No consequence for the kids at all and everyone knows it. Your staff are not good examples for these kids. Immature kids as they should be to a certain point, but your staff acting like teenagers breaking rules and laws is not a good thing! T.U.S.D. needs to pay attention to the people you hire because witnesses say a few members of your security staff have stood out making fun of us calling us stupid ridiculous bitches in front of the school where students and parents can clearly hear them. We know this because students tell us and many of us have family or friends that have children attending the school. It's a free for all over there!
