Naming Public Buildings, Parks and Recreation Facilities
Policy Number: D-2
Amended by resolution Date: 2/2/21

PURPOSE:

The purpose of this policy is to establish a set of standard procedures and guidelines for the naming of Public Buildings, Parks and Recreation Facilities.

DEFINITIONS:

1. "Public Buildings" are City-owned facilities that house employees or are otherwise used to conduct City business. Buildings may include, but are not limited to, the Civic Center, City Council Chambers, and Police facility. This also includes "Support Facilities" that are City-owned facilities that are used to support field operations. Support facilities may include, but are not limited to, the corporation yard and pump stations.
2. "Parks & Recreation Facilities" are all City parks, community buildings and grounds, athletic facilities, open space areas and other grounds and facilities owned or operated by the City for park, recreation or open space purposes.

POLICY:

Consideration for Names:

1. When named for an individual family or person, strong consideration should be given to:
 - a. The level of involvement and commitment to the Tracy community over a span of years that are sufficient for accomplishments and contributions to have taken place;
 - b. Individuals or families who have been involved in many facets of the community such as through service clubs, civic organizations, school community, multi-cultural events and organizations, elected/appointed positions, military service, church community and non-profit groups; the nature of their involvement should be beyond that done in the normal course of their employment (i.e., voluntary);
 - c. The local significance and relationship of this individual or family to the City of Tracy, or to the parks and recreation systems or programs.
2. Public building, park and facility names should reflect both the current and past heritage and historical significance of the community that is now serviced. Strong consideration should be given to:
 - a. Maintaining names that represent the current and past cultural diversity of the community.
 - b. Any relevant California history that is part of the Tracy community, such as the period covered by the Spanish land grants, Native American tribal history, etc.

3. Park names should reflect the geographical significance of the park site's topography or other natural amenities that exist in or near the park property. Strong consideration should be given to:
 - a. Vistas and view corridors.
 - b. Native plants or trees
 - c. Adjacencies to creeks, streams, open space, hills, etc.
4. Public building, park and facility names should incorporate the functionality of the building, park or facility by simply stating its purpose without further description (for example the "John Smith Community Center"), especially, when a specialized facility may be a part of the park such as sports fields, etc. Special features for the park should be considered in the park name.
5. Consideration should also be given to public building, park and facility names that reflect the geographic location or adjacencies to other City facilities or schools in order to avoid confusion about the geographic location of the building.
6. If a public building, park or facility improvement is acquired or constructed by means of a substantial gift, financial contribution or financial donation by an individual, family or corporation, consideration should be given to recognizing the contribution by incorporating the benefactor's name into the facility name.
7. Rooms within public buildings may be named for individuals who have made exceptional contributions to the community such as:
 - a. The individual must have made a significant contribution to the community which resulted in the improved well-being of the citizens of Tracy.
 - b. The individual must have been involved in Tracy community affairs over a span of years that are sufficient for accomplishments and contributions to have taken place.
 - c. Individuals or families who have been involved in many facets of the community such as through service clubs, civic organizations, school community, multicultural events and organizations, elected/appointed positions, military service, church community and non-profit groups; the nature of their involvement should be beyond that done in the normal course of their employment (i.e., voluntary).
8. If a public building that has previously been named is proposed to have its function be moved, or is proposed for relocation, or demolition, or is destroyed through a natural disaster or other act, the City Council shall be provided an opportunity to name the replacement building.
